Trump Controlled By Mossad

Below is a seven part series of articles written from October 2016 to March 2025 by **Timothy Fitzpatrick**. These articles document the potential that Trump is being controlled by blackmail by Mossad. Which could be one of the reasons Trump supports Israeli genocide and many other areas of concern.

Trump controlled by KGB/Mossad | Part I

October 29, 2016

Timothy Fitzpatrick | fitzinfo.net

Part I

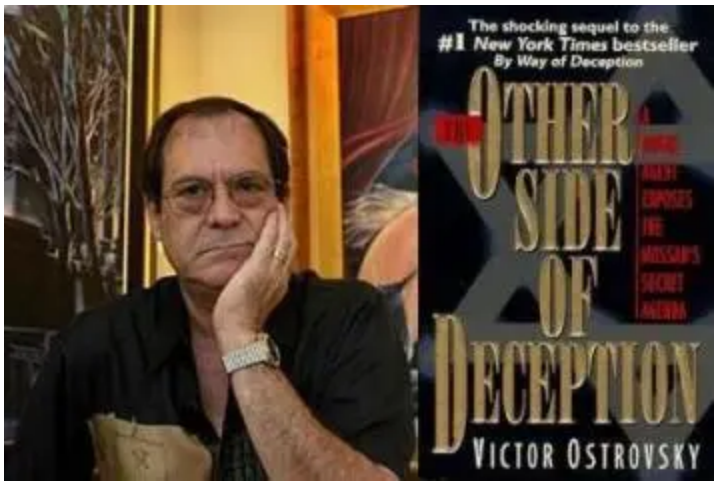
Any inquisitive person should be asking oneself why a seemingly anti-establishment candidate like Donald Trump has been allowed to get as far as he has in the U.S. presidential race for election November 8.

The simplest answer is that he *isn't* anti-establishment and is only fronting a very convincing facade for public consumption.

The family-made rich man has been strategically propped up as the all-accommodating GOP extremist opponent of candidate Hillary Rodham Clinton, herself part of the very same establishment and even personal friend to Trump—at least prior to the race.

The two candidates come from the same organized criminal syndicate that leads back to Israel and Russia, their murderous KGB-Mossad terrorist organization, and the Lansky international crime syndicate. Furthermore, as we shall see, Trump is nothing more than a puppet of the KGB-Mossad and is likely under their control through opportunism and, darker yet, blackmail. What Trump and his cronies all share in common is sexual compromise and their loyalty to the international Judeo-masonic power structure.

Sexual blackmail and Illuminism



Former Mossad case officer Victor Ostrovsky and his second tell-all book about Israel's Mossad.

Perhaps the most powerful form of blackmail is that which involves sexual matters, and so it is that throughout human history, many men of power have been brought down upon revelation of some sexual scandal. It was through this channel that Adam Weishaupt's illuminism (blackmail) was so successful in his time through to today (Weishaupt stole the Catholic sacrament of confession and used it for his own personal gain—so that he could gain knowledge of people's sins in order to use it against them). Since then, it has proven to be the most useful form of blackmail employed, especially in the political world. Every person in a position of power should be suspected of being controlled through this form of blackmail, since the Judeo-masonic cryptocracy controls virtually every aspect of organized government, the press, and the financial system, to name a few. You may have heard of the bizarre sexual initiation of Yale University's Skull and Bones secret society, where the would-be bonesman reveals his sexual secrets to his fellow initiates and initiators.[i] From the very start of their societal ascent, you could say, a bonesman is blackmailed and falls under control of the society.

Former Israeli Mossad case officer Victor Ostrovsky revealed in his first tell-all book about the Mossad:

> "... there are three major "hooks" for recruiting people: money; emotion, be it revenge or ideology; and sex."[ii]

This scenario is played out in virtually every sphere of influence at one degree (pun intended) or another. As it happens, both presidential candidates are connected to sexual scandals, the likes of which we shall explore in Trump's life.

Mossad's child-sex ring procurers Ghislaine Maxwell and Jeffrey Epstein

Jeffrey Epstein and alleged child sex procurer Ghislaine Maxwell.

Ghislaine Maxwell is the daughter of late British parliamentarian and media magnate Robert Maxwell, also a Jewish Mossad super sayan[iii] prior to his assassination on November 5, 1991. Ghislaine Maxwell is not only a personal friend of Bill and Hillary Clinton but, apparently, also of Donald Trump (the two have been spotted together on several occasions). Although never charged, it was revealed in U.S. courts that Ghislaine procured young girls for her Jewish billionaire boyfriend Jeffrey Epstein and his friends and associates[iv]. Maxwell was given immunity in the secret plea-bargain, non-prosecution agreement and Epstein's White House-connected Jewish lawyer Jay Lefkowitz managed to arrange it so that Epstein served only 13 months house arrest for a reduced conviction of soliciting a minor for prostitution and soliciting prostitution, despite that authorities had evidence that he abused up to 40 young girls[v]. Epstein has made 17 out-of-court settlements. The more one looks into it, the more it looks like Maxwell and Epstein were running an international blackmail operation, extending

from North America to Eastern Europe. What's more, testimony from the victims revealed that Ghislaine might have been responsible for setting up the recording of the sexual abuse of the girls, complete with hidden cameras, for blackmail purposes. She is alleged to have even participated in the abuse of young girls herself.[vi]

> "Epstein instructed Jane Doe 3 that she was to give the Prince [Andrew] whatever he demanded and required Jane Doe 3 to report back to him on the details of the sexual abuse," according to court documents lodged by Epstein sex slave Virginia Roberts late in 2014.

Roberts claims it was Epstein who paid her $15,000 for subjecting herself to the 41-year-old Prince. "Jeffrey always took care of paying me after I 'entertained' his friends."

17-year-old Virignia Roberts in a photo during her forced sexual service of Prince Andrew with alleged child-sex procurer and Mossad asset Ghislaine Maxwell looking on in 2001.

Roberts, now in her 30s, says she first encountered Epstein and Prince Andrew (Duke of York) through Maxwell. She met Maxwell at Donald Trump's Mar-A-Lago country club and residence in Florida, where, at only 15 years of age, she worked as a changing room assistant in the club's spa (her father also worked there as a maintenance manager).

> "I was wearing my sexy white Mar-A-Lago uniform—a white miniskirt and skin-tight white polo top—and studying an anatomy book when I was approached by this

> striking woman in her mid-40s with a very proper British accent—Ghislaine," Roberts told the Daily Mail.

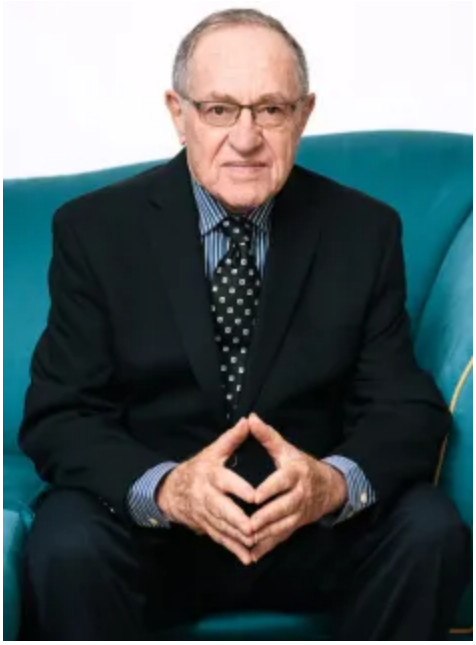
We can only assume that Trump crafted Mar-A-Lago's dress code!

Roberts eventually ended up working for Epstein, under the guise of being a masseuse, at Epstein's Palm Beach waterfront, which is minutes away from Trump's Mar-A-Lago club and residence. Epstein and Maxwell would groom Roberts and the other underaged sex slaves on techniques of pleasing Epstein and his friends, often involving kinky sexy toys and orgies.

> "A lot of powerful men were part of Jeffrey's scene...," Roberts says. "Epstein and Maxwell also told me that they wanted me to produce things for them in addition to performing sex on the men. They told me to pay attention to the details about what the men wanted, so I could report back."

In her affidavit, Roberts goes on to nail down the political, illuministic role of Epstein's child-sex ring.

> "In addition to constantly finding underage girls to satisfy their personal desires, Epstein and Maxwell also got girls for Epstein's friends and acquaintances. Epstein specifically told me that the reason for him doing this was so that they would 'owe him,' they would 'be in his pocket,' and he would 'have something on them.'"



Dershowitz making some kind of Kabbalist-masonic pose.

Why Epstein would want dirt on powerful people, other than for his own personal gain, is a mystery. We can only conclude that he was gathering dirt on behalf of some other party, likely the Mossad and/or for Israel's desk at the CIA. Investigators into the Epstein child-sex scandal turned up a contact book that contained the names and contact information for many prominent people, some of which included New York lawyer Alan Dershowitz, Donald Trump, liquor baron Edgar Bronfman, and former U.S. President William Jefferson Clinton[vii]. Roberts claims she was forced to have sex with Dershowitz six times but denies seeing Clinton having sex with anyone, although he was present at Epstein's mansion as well as having flown on Epstein's personal jet. A former employee at the Epstein Palm Beach estate claimed in a sworn deposition that Epstein and Trump had a much closer relationship than what Trump has admitted to. Juan Alessi claimed that Trump had been for dinner at the Epstein estate at least once, while Epstein's brother Mark stated that he flew with both Jeff and Trump on Epstein's private plane[viii], what some call "Lolita Express". (Epstein's flight manifests)
"They were friends," Mark Epstein went on to say about Jeff Epstein and Donald Trump's relationship[ix].

In 2003, The New Yorker reported that Trump attended dinner with Epstein and guests, including Bill Clinton aide Doug band, at his East Side New York townhouse. British cabinet minister Peter Mandelson was also in attendance, which corroborates

the legitimacy of the little black book of Epstein's investigators turned up. Mandelson's name is in there.

According to a Jan. 29, 2016 article on Vice News,

> "Epstein and Maxwell were repeat guests at Mar-A-Lago. In 2000, they hung out there with Prince Andrew, who arrived for vacation on Trump's private plane. That same year, the Palm Beach Post reported that Trump, Epstein, Prince Andrew, and Maxwell were all at a tennis tournament/celebrity event at Mar-A-Lago."

Bill Clinton is alleged to have ridden Epstein's plane from 10 to 20 times.[x]

In 1992, a former Trump associate told the New York Times that Trump once held and exlusive party for Epstein at Mar-A-Lago, under the guise of a calendar girls compeition, with 28 females flown in for occasion.

Today, Trump claims to have banned Epstein from Mar-A-Lago as an attempt to distance himself from their past; however, no proof has ever been provided, and Epstein himself has publicly denied being banned from the resort.

In another story, party attendees say that Trump "hosted wild parties with sex, cocaine and underage models" between 1988-1992 at the Plaza Hotel in New York. "While other guests did cocaine and drank, Trump was 'getting laid like crazy,' the man, a fashion photographer based in New York who wished to remain anonymous, said."

Donald Trump and convicted child prostitute pimp Jeffrey Epstein with model Ingrid Seynhaeve at the Victoria's Secret angels party at the Laura Belle club in New York City, April 1997â€"around the same time period when young girls are alleged to have been raped by both Trump and Epstein. (Photo by Marina Garnier)

"He's a lot of fun to be with," says Trump of Epstein

At the very least, Donald Trump must have known that one of his miniskirt-clad child workers was 'working' for his friend Jeffrey Epstein's at his mansion a mere 10 minutes away from Trump's Mar-A-Lago resort. At worst, Trump was helping the Epstein-Maxwell procurement of young, disadvantaged girls for the sexual-blackmail factory the pair were operating and/or Trump was one of Epstein's child-sex clients himself.

In 2002, while Epstein was using child-sex slaves at his various homes in New York, Palm Beach, and in the Virgin Islands, Trump told *New York Magazine* that Epstein, his friend of 15 years, was a "terrific guy".

> “He’s a lot of fun to be with,” Trump continued. “It is even said that he likes beautiful women as much as I do, and many of them are on the younger side.”

Did Trump just reveal that he views under-aged girls as women? It appears so, as there is little doubt that Trump encountered Epstein while with one of the dozens of child sex slaves with whom he trophied around the world at social gatherings.

Epstein’s defense deposition stated the following as to whether Trump was involved in the non-stop Epstein orgy.

> **Q.** “Have you ever socialized with Donald Trump in the presence of females under the age of 18?”
> **A:** “Though I’d like to answer that question, at least today I’m going to have to assert my Fifth, Sixth, and 14th Amendment rights, sir.”

This only questioned being in the presence of young girls but Epstein still wouldn’t touch it. Clearly, there is something amiss here.

New rape allegations against Trump corroborate Pussygate, Roberts’ claims

Pervert Trump kisses New York mayor Rudy Giuliani at the mayor’s Inner Circle Press Roast in 2000 (video here).

Trump supporters have all too easily dismissed a series of child rape charges against Trump, saying it’s all political and likely orchestrated by the Democratic Party,

specifically by Hillary Clinton. But that is unlikely considering Bill Clinton's own ties to Epstein. Why would Hillary want to open that can of worms? Regardless, when one looks at the court filings, the details of the allegations line up with the claims made in Virginia Roberts' affidavit. They also corroborate what is already admitted by Trump (his long-term friendship with Epstein) and a recently leaked audiotape[xi] of Trump boasting of his fame-procured sexual license with females and coveting another man's wife.

> "You know I moved on her actually", Trump told Access Hollywood's Billy Bush. "You know she was down on Palm Beach. I moved on her and I failed. I'll admit it. I did try and fuck her. She was married.
>
> You know I'm automatically attracted to beautiful—I just start kissing them. It's like a magnet. Just kiss. I don't even wait. And when you're a star, they let you do it. You can do anything… Grab them by the pussy. You can do anything."

Disgusting scene here where young Ivanka, only about 15 years old, sits (or lap dances) on her father Donald's lap at the Mar-A-Lago club in 1996. Shortly after this time, a young Virginia Roberts would be recruited from the club

by Ghislaine Maxwell and convicted sex offender Jeffrey Epstein to become a sex slave.

This is exactly the kind of predatory behaviour and arrogance described by a 13-year-old who alleges she was raped by Trump.

Disgustingly, Trump supporters were quick to dismiss this show of arrogance as simply locker room banter. Coming from a man of power and wealth like Trump, this was no locker-room banter. This was Trump being honest. And it's a little hypocritical of Trump supporters to downplay Trump's disgusting behaviour when they are quick to point out Bill Clinton's objectification of women and series of rape allegations.

On April 26, a "Katie Johnson" filed a rape complaint in a California Court against defendants Donald Trump and Jeffrey Epstein[xii].

The complaint was dismissed by a judge due to a lack of plaintiff address, not due to any frivolity of the complaint. Trump supporters were quick to dismiss the charge, however, the lack of address on behalf of the plaintiff could have been due to fear for her life.

> "On the fourth and final sexual encounter with the Defendant, Donald J. Trump, the Plaintiff, Katie Johnson, was tied to a bed by Defendant Trump who then proceeded to forcibly rape Plaintiff Johnson. During the course of this savage sexual attack, Plaintiff Johnson loudly pleaded with Defendant Trump to 'please wear a condom'. Defendant Trump responded by violently striking Plaintiff Johnson in the face with his open hand and screaming that "he would do whatever he wanted' as he refused to wear protection. After achieving sexual orgasm, the Defendant, Donald J. Trump put his suit back on and when the Plaintiff, Katie Johnson, in tears asked Defendant Trump what would happen if he had impregnated her, Defendant Trump grabbed his wallet and threw some money at her and screamed that she should use the money "to get a fucking abortion'."

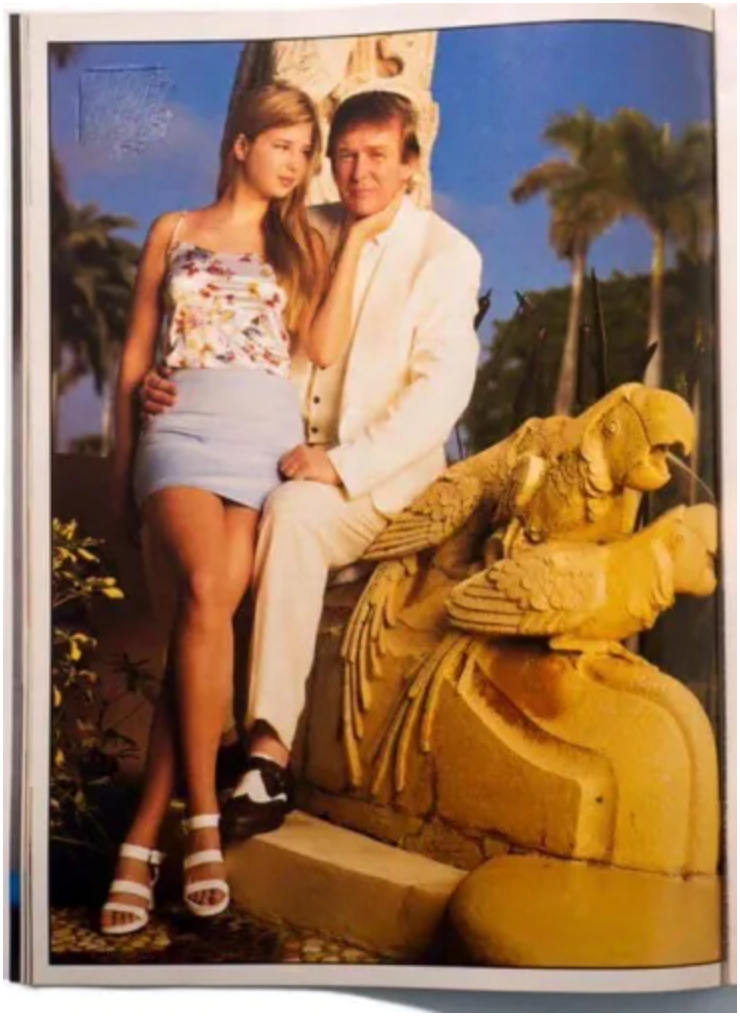
Incidentally, Trump has flip-flopped on his abortion stance. Of course, how could Trump ever ban abortion? What would 13-year-old rape victims do then?

New Jersey lawyer Thomas Francis Meagher revised Johnson's case and filed it in U.S. District Court for the Southern District of New York.

> "Plaintiff was subject to acts of rape, sexual misconduct, criminal sexual acts, sexual abuse, forcible touching, assault, battery, intentional and reckless infliction of emotional distress, duress, false imprisonment, and threats of death and/or serious bodily injury by the Defendants that tool place at several parties during the summer months of 1994. The parties were held by Defendant Epstein at a New York City residence that was being used by Defendant Epstein at 9 E. 71st St. in Manhattan [known as the Wexler Mansion]. During this period, Plaintiff was a minor of age 13…."[xiii]

An alleged witness, Tiffany Doe, to the above rape has come forward. She claims she was paid by Epstein to lure underage girls to Epstein-and-friends parties with the bait of promised modeling opportunities.

> "It was at these series of parties that I personally witnesses the Paintiff being forced to perform various sexual acts with Donald J. Trump and Mr. Epstein. Both Mr. Trump and Mr. Epstein were advised that she was 13 years old."[xiv]



Trump with Ivanka again in 1996 at Mar-A-Lago perched above two mating parrots.

Tiffany Doe goes on in her affidavit to identify a 12-year-old victim of Trump and Epstein as well as to witness Epstein making death threats to the girls should they reveal the abuse.

A second witness to the original Jane Doe (previous pseudonym Katie Johnson) corroborates the story of both Johnson and her lurer.[xv] The case remains open.

Yet another corroborating detail of Trump's alleged sexual history includes his own wife —at the time, Ivana—accusing him of raping her in 1989. Perhaps convenient for Trump, Ivana somewhat recanted this accusation in July, 2015, just in time for the presidential race[xvi].

Publicly, Trump has made some disturbing, incestuous comments about his own daughters, at one time discussing the potential breast size of his then infant daughter Tiffany[xvii] and also claiming that he would be dating daughter Ivanka had he not been her father[xviii]. Normally when you hear someone talking about legs and breasts, it's not a parent talking about their infant daughter. Trump thinks this way because that is what must always be on his mind, regardless of age and regardless of kin. Almost every time he publicly talks of Ivanka he can't help but compliment her body. One cannot rule out the possibility that Ivanka is the victim of sexual abuse and mind control, although there is nothing directly suggesting this (the CIA's MKUltra program is alleged to have prostituted to children, sometimes with the help of the children's own parents, to politicians and persons of power). Trump's posed photo with then 15-year-old Ivanka where she is wearing a short skirt and slinky top without a bra whilst perched atop copulating birds doesn't help Trump's avoidance of incest suspicion or MKUltra abuse. Interestingly, Ivanka's slinky top is covered with butterflies, symbolic of beta kitten programming. Ivanka's personal contact information was found in Epstein's black book.

MK Ultra, Beta Kitten programming going on here?

A video recently surfaced showing Donald Trump telling a pre-teen girl that he would be dating her in ten years—just one more piece of evidence that Trump is a sexual predator[xix]. In 2003, Trump went on the Howard Stern show and talked about how hot then 12-year-old Paris Hilton was.

> “I’ve known Paris Hilton from the time she’s 12, her parents are friends of mine, and the first time I saw her she walked into the room and I said, ‘Who the hell is that?’ Well, at 12, I wasn’t interested,” Trump said. “I’ve never been into that… but she was beautiful.”

Earlier in this article, Trump is quoted as saying that when he sees beautiful, he doesn’t hesistate and just starts kissing (and groping?). It seems he had eyes for the 12-year-old.

Trump told Stern in that same interview that he had watched Hilton’s sex tape.
Big surprise there. What we basically have here is the American version of Jimmy Savile in Donald Trump!

© Getty Images

Maxwell at the Chelsea Clinton wedding in 2010. Clinton supposedly cut ties to Epstein following his conviction. Clinton is alleged to have ridden Epstein's private jet at least 10 times.

There are other rape and grope allegations against Trump, some by prominent people. I don't wish to get into all of them here.

In early 2015, a photo emerged showing Ghislaine Maxwell at the wedding of Chelsea Clinton to Jewish investment banker Marc Mezvinsky in July 2010.

Trump and Mossad arms dealer Adnan Khashoggi

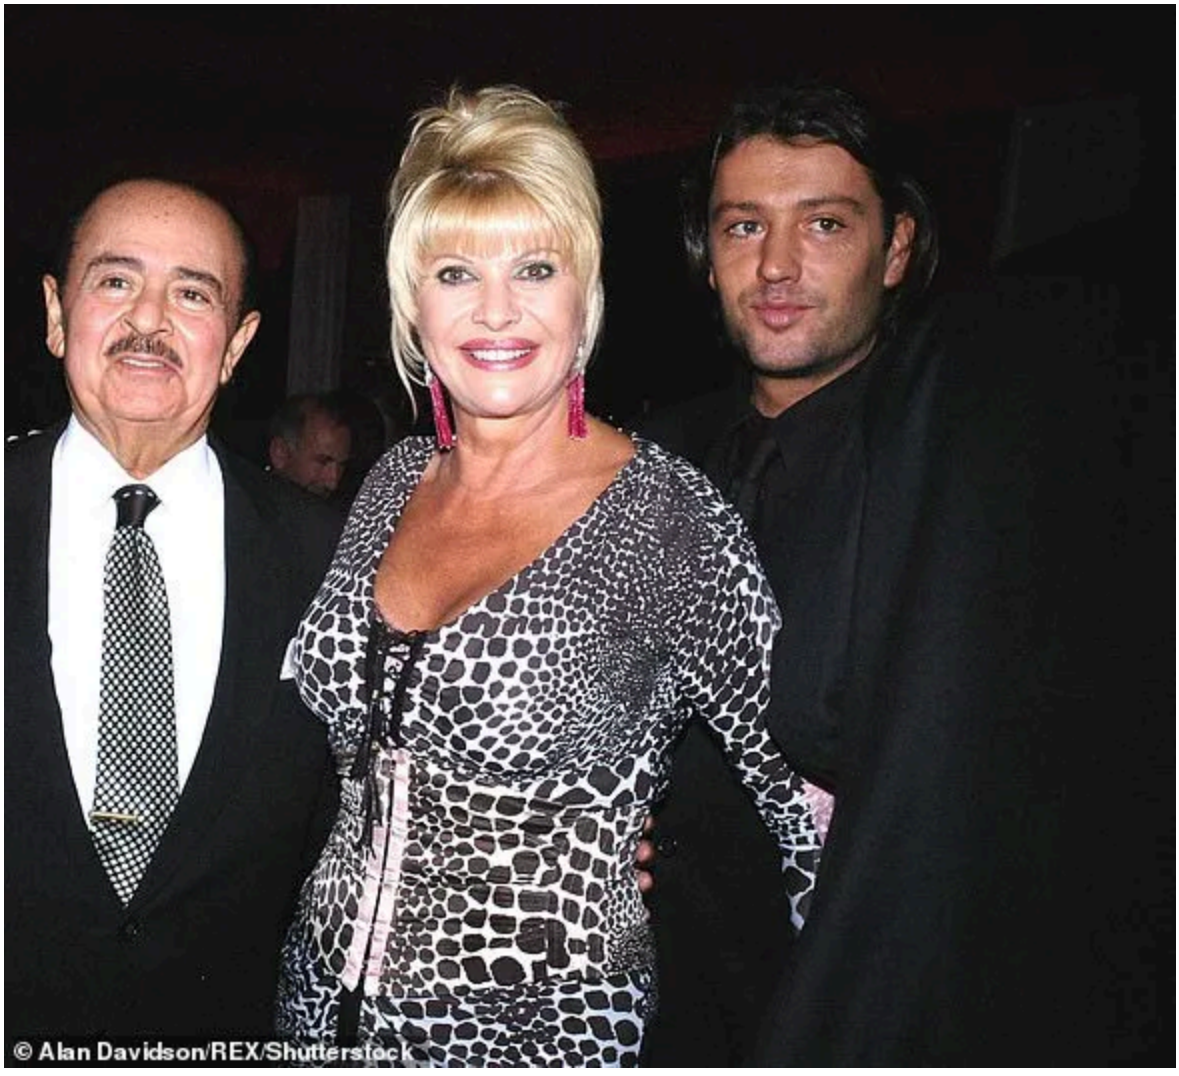
Khashoggi with wife Lamia at Donald Trump's wedding to Marla Maples at the Plaza Hotel in New York in 1993. See video of Khashoggi at Trump's wedding here.

On November 10, 1988, in the midst of the fallout from the Iran-Contra scandal, of which Adnan Khashoggi is believed to have been involved, Donald Trump appeared on the David Letterman show and revealed that he had purchased a "$200-million" yacht (the Nabila) from the Saudi billionaire and arms dealer, who was recruited by Israel's Mossad for various arms deals and false-flag operations[xx].

Nabila is the daughter of Khashoggi and his then wife Soraya (Sandra Patricia Jarvis-Daly), whom he married when she was 17.

Khashoggi is implicated in so many international conspiracies that it would be futile to begin discussing them here. Being tied to so many conspiracies, it's not surprising to learn that he is tied to the Meyer Lanksy organized crime syndicate, which played a leading role in the murder of President John F. Kennedy. Outrageously, Khashoggi has romanced JFK's widow Jackie and contributed to Richard Nixon's 1968 presidential campaign (Trump hatchetman Roger Stone, about whom we shall learn more in Part II, was a Nixon 'dirty trickster').

Khashoggi is tied to the Warren Commission, which was appointed to coverup the conspiracy to murder JFK, through Joseph A. Ball, who represented Khashoggi in his 1980 divorce from Soraya. Khashoggi's penchant for women and high rollers is not unlike Donald Trump's.



Khashoggi and Ivana Trump.

Khashoggi went on to marry another 17-year-old, Laura Biancolini, who converted to Islam, changed her name to "Lamia" and gave birth to Kahosggi's fifth son, Ali, in Palm Beach, Florida, home of Trump's Mar-A-Lago club. Hopsicker says he has information from a Palm Beach source that Trump gave Khashoggi shelter from INTERPOL at Mar-A-Lago when Khashoggi was under indictment for defrauding Thailand's second largest bank. What's more, Khashoggi attended Trump's wedding to Marla Maples at The Plaza Hotel in New York City, December 20, 1993. Maples was Trump's second wife after the divorce with first wife Ivana in 1992. Interestingly, the Trump-Ivana wedding was ministered by 33rd degree freemason Norman Vincent Peale. The mason Peale also presided over the wedding of Trump's sister Maryanne. There's a strong possibility that Trump himself is a freemason. Trump considered Peale his mentor, perhaps a fraternal mentor in the masonic brotherhood?

Interestingly, Khashoggi may be in cahoots with self-appointed conspiracy king Alex Jones, who just happens to be the biggest media cheerleader for Donald Trump at the moment, despite Jones previously suggesting, through Paul Joseph Watson, that Trump was a "ringer for Hillary". As I documented in my article exposing Jones' deep Israeli connections, Khashoggi appears to be tied to the 9/11 truth movement through John Gray[xxi]. He is also tied to the Bin Laden family. (See more Khashoggi-9/11 connections in my article "The Growing Complexity of Alex Jones' Israeli connections".) As we shall see in Part II of this series, the Trump-Khashoggi-Nixon-Jones-Lansky ties will come full circle, with a couple of more characters stepping onto the stage.

Fayed and Princess Diana.

The death of Princess Diana was believed by many to be an Mi6-Mossad assassination. Some theories suggest that the establishment didn't want the Princess of Wales to be carrying the child of a Muslim, one Dodi Fayed, who became romantically involved with her in July, 1997, only a month before her death on August 31. Fayed is the nephew of Adnan Khashoggi. He died alongside the Princess that night in the Pont de A'lma underpass in Paris, a city rife with Mossad activity. It is certain that the marrying of Diana to a Muslim would not have fit the Mossad's geo-political goals for the UK and the royal family at that time. And Mossad, without a doubt, was at least spying on the couple during their affair, if not masterminding the hit itself.

Donald Trump (left) among some friends, including Ramy El-Batwari (right, in back) at a Hawaiian Tropic bikini competition. Date unknown.

Khashoggi and "lieutenant" Ramy El-Batwari

Investigative journalist Daniel Hopsicker describes Saudi Ramy El-Batrawi as Adnan Khashoggi's "lieutenant"[xxii]. The two were involved in, among many other schemes, a

stock manipulation scandal involving their company *Genesis Intermedia*, which, incidentally, may be tied to Alex Jones's *Genesis Communications Network*, which broadcasts his Infowars show.

> "...Ramy El-Batrawi supplied one of SkyWay's twin DC-9's," explains Hopsicker. "Once I'd obtained the FAA registration records for the two DC-9s...it became obvious that both planes had been sheep-dipped through a number of owners of convenience to hide the identity of their true owners, the CIA."

Hopsicker goes on to detail the Khashoggi-El-Batrawi pyramid of CIA (and Mossad) front companies, with ties to Iran-Contra and 9/11. He also points out that Jewish American businessman, lawyer, and Los Angeles Clippers owner Donald T. Sterling set up a bogus event, supposedly through his Donald T. Sterling Homeless and Medical Center, to honour Ramy El-Batrawi as humanitarian of the year for his support of the homeless in Los Angeles.[xxiii]

> "There was no "Donald T. Sterling Homeless and Medical Center", back then, just for starters," writes Hopsicker. "Nor is there one today. No institution. No employees. No Board of Directors to mull over who (sic) to choose for next year's award."

On June 19, 2014, a tweet was sent out from what is believed to be El-Batwari's Twitter account with a photo from the bogus event. In the photograph are, among others, Batrawi, supposed 9/11 truther John Gray, and Ivanka Trump! Ivanka must have been there on her father's behalf. Then, on February 15, 2016, El-Batrwai tweeted another photo, presumably from the same event, of he and Ivanka. Nate Rothschild, slated to become the fifth baron of the infamous Jewish dynasty, has reportedly had flings with both Ivanka Trump and Adnan Khashoggi's step-daughter Petrina. Ivanka has since married Jewish American businessman Jared Kushner and converted to Judaism herself. In fact, almost all of Donald Trump's children are married to Jews.

PART II

Trump’s 9/11 lie about dancing Muslims helps Mossad coverup

Late last year, Donald Trump re-affirmed the official 9/11 story, carefully designed by former Israeli Prime Minister Ehud Barak[i] and Israel’s Mossad, perpetuated by the Jewish-dominated American media. He lied about a very important event in the 9/11 story, what has come to be known as the “Dancing Israelis”.

> “Hey, I watched when the World Trade Center came tumbling down,” Trump told rally goers in Birmingham, Alabama Nov. 21, 2015. “And I watched in Jersey City, N.J., where thousands and thousands of people were cheering as that building was coming down. Thousands of people were cheering.”[ii]

By the context of his speech, he implied that it was thousands of Muslims cheering in the streets of Jersey. Then, a day later, Trump confirmed in an interview with ABC’s George Stephanopoulos that he, indeed, was talking about Muslims.

> “There were people that were cheering on the other side of New Jersey, where you have large Arab populations. They were cheering as the World Trade Center came down. I know it might be not politically correct for you to talk about it, but there were people cheering as that building came down — as those buildings came down. And that tells you something. It was well covered at the time, George. Now, I know they don’t like to talk about it, but it was well covered at the time. There were people over in New Jersey that were watching it, a heavy Arab population, that were cheering as the buildings came down. Not good.”[iii]

Even the Jewish-controlled New York Times couldn’t accept the preposterous claims by Trump.

> “How alarmed were New Jersey officials by reports of Muslims dancing in the streets of Jersey City and Paterson on Sept. 11, 2001, to celebrate the destruction of the World Trade Center?
> They feared riots would break out and were ready to send in the National Guard and the State Police to preserve order.
> But John J. Farmer Jr., then the New Jersey attorney general and the state’s chief law enforcement officer, said on Tuesday that he ordered an investigation that very day and found the reports to be bogus, more wild stories born in the stricken hours after the attacks.”[iv]

Ivanka Trump and husband Jared Kushner share a laugh with 9/11 conspirator and former Israeli Prime Minister Ehud Barak in September. Barak has flown on predator Jeffrey Epstein's private jet and is listed in his contact book.

However, the New York Times and the rest of the mainstream media joined Trump in covering up the 9/11 conspiracy overall, because they omitted the real dancing celebrants, who were actually a small group of Israelis, likely working as Mossad operatives, possibly having been involved in the conspiracy itself. This despite that the New York Times, embarrassingly, was among the first to break the true story of dancing Israelis celebrating on 9/11. Did they cite their old story from 9/11 in the midst of Trump's controversial lie about 9/11? No. They would rather pretend that the story didn't exist.

> "The New York Times reported Thursday that a group of five men had set up video cameras aimed at the Twin Towers prior to the attack on Tuesday, and were seen congratulating one another afterwards."[v]

On Sept. 20, 2001, nine days after the attack on the World Trade Center, it came out in the American Free Press that these celebrants were Israelis and that New York police arrested them[vi] shortly after witnesses reported their strange behaviour.[vii]

Israeli Prime Minister Ehud Barak (C) has a private conversation with the Prime Minister of the Russian Federation, Vladimir Putin (R) and an unidentified man (L) after a 02 Novmber 1999 luncheon in Oslo, Norway, City Hall. — PAUL J. RICHARDS/AFP via Getty Images)

> "At least three different groups of Israelis—some of whom may have ties to Israel's intelligence agency, the Mossad—were taken into custody after eyewitnesses reported seeing them celebrating in several locations across the river from lower Manhattan in New Jersey. In two cases, the men were reportedly videotaping the initial kamikaze attack on the World Trade Center in New York. All of the detained Israelis are connected to Israeli-owned moving companies operating out of New York and New Jersey.
> One group was reported to have been in Liberty State Park in Jersey City, another was seen in Liberty Park in Union City, and a third was apprehended on the roof of an Israeli-owned moving company."

The New York Jewish Forward newspaper corroborated the AFP story, saying at least two of the arrested celebrants were Israeli and were there to document the event. The five Israelis eventually admitted on Israeli TV that it was they who were at the centre of this controversy and discussed their arrest and interrogation by the FBI, which lasted months.[viii] The Drug Enforcement Administration called their behaviour on 9/11 as suspicious and said it "may well be an organized intelligence-gathering activity."[ix] (See link to declassified FBI files on dancing Israelis in notes below[x])

> “The van belonged to a Mossad front company called Urban Moving Systems. Around 4 p.m. on Sept. 11, the van was pulled over, and five Israelis: Sivan and Paul Kurzberg, Yaron Shmuel, Oded Ellner and Omer Marmari, all between 22 and 27 years old, were arrested at gunpoint. One had $4,700 in cash hidden in his sock while another carried two foreign passports. Box cutters were found in the van.”[xi]

One of the dancing Israelis on Israeli television defending the group’s suspicious behaviour on 9/11.

The AFP interviewed one of the police officers involved in the arrest of the dancing Israelis.[xii]
Trump was given every opportunity by a media that was hanging on his every word to correct his lie to the public. He didn’t, and the media wasn’t buying it, except for Infofwars’ Alex Jones, who despite initially reporting on the dancing Israelis story, also went right along with Trump’s lie. Jones and Infowars have consistently avoided the many Israeli connections to 9/11 since day one. He’s even gone out of his way to say “Israel could not carry out these attacks.”[xiii] And when, during a Trump rally, writer Martin Hill confronted the would-be president on his 9/11 lie, Trump remained silent. [xiv]

Regardless of the apparent heavy Israeli involvement in 9/11 and its ongoing coverup, the dancing Israelis and the van depicting a plane crashing the World Trade Centre—these could be breadcrumbs deliberately fed to the conspiracy demographic to throw them off the trail of Russia and its FSB (KGB), who have may have been involved, or even orchestrated 9/11. We will explore this more in future installments of this series.

Trump and "Lucky" Larry Silverstein—beneficiary of 9/11 attacks

From the very beginning of Donald Trump's campaign for U.S. president in June 2015, Jewish Zionist Michael Glassner has worked as the campaign's national political director.[xv] Glassner formerly served on the *American Israel Public Affairs Commmittee* (AIPAC), one of Israel's biggest Zionist lobbies in Washington. If that weren't enough, Glassner was the one responsible for privatizing the World Trade Center lease[xvi], shortly before 9/11, for the benefit of Larry Silverstein', who profited in the billions from the demolition of the towers. Trump told MSNBC what he thought of Silverstein, his fellow New York real estate tycoon.

> "Larry Silverstein—he's a great guy, he's a good guy, he's a friend of mine."[xvii]

It's no wonder Trump has been pushing the official, Israeli-created story on 9/11. Glassner is but one of dozens and dozens of Jews working for Trump's campaign.[xviii] Trump has boasted of his support for Israel on numerous occasions and has even hinted at completing Israel's Oded Yinon plan, which would include invading Iran as well as making Jerusalem Israel's undivided capital...in other words, finally disposing of those pesky Palestinians.[xix] Trump crony Rudolph Giuliani, whom is believed to have contributed to the 9/11 conspiracy coverup by promptly destroying and removing the crime scene at the World Trade Centre, is a candidate for Trump's cabinet as president.

Donald Trump and Roy Cohn.

Roy Cohn—Trump's gay, Jewish handler, mob lawyer, and JFK conspirator?

If the close friendship of a self-purported anti-establishment Republican like Donald Trump with a gay, Jewish, AIDS-infested, mobster lawyer named Roy Marcus Cohn seems odd, it's because it is. The late Cohn was not only part of the false-opposition McCarthyite anti-Communist movement of the 1950s, at times working both sides of the political spectrum, but also a Meyer Lansky organized crime syndicate operative who went so far as to serve on the infamous Permindex board[xx], which is believed to have been Mossad's key operating front in the conspiracy to assassinate John F. Kennedy. Also, Cohn's Lionel Corporation held shares in Permindex. Cohn became close friends with Trump and also his legal counsel, starting in the 1970s.[xxi] As with almost all of Trump's suspicious associates, Cohn was sexually compromised and apparently enjoyed sexually compromising others.[xxii] Like Jeffrey Epstein and his child procurer Ghislaine Maxwell, Cohn is believed to have used child prostitutes to blackmail politicians, himself not only a homosexual but also believed to have been involved in the Franklin scandal—a child-sex ring that reached the Reagan White House.[xxiii] Cohn aided Roger Stone in Ronald Reagan's 1970-80 presidential campaign. A June 28, 1989 Washington Times exposé implicated Republican lobbyist Craig J. Spence in a call-boys and crack scandal that appears to be one small piece of the Franklin scandal.[xxiv]The inner workings of the scandal shares striking similarities with Virginia Roberts' description of Epstein's blackmail techniques. Cohn is mentioned in the report as an associate of Spence as well as lawyer and activist Phyllis Schlafly, who was also a regular guest on the Alex Jones show prior to her death earlier this year. Some say that Schlafly and pseudo conservatives like Jones are part of a right-wing conspiracy centered on the Council for National Policy (CNP).

Roger Stone – Trump cheerleader, Cohn associate, and Infowarrior

Lending credence to theory of Cohn as a child-sex blackmailer is self-described "libertine" Roger Stone[xxv], a Cohn associate, former advisor to Donald Trump, and regular guest on Alex Jones' Infowars broadcast of late.

> "Roy was not gay. He was a man who liked having sex with men. Gays were weak, effeminate. He always seemed to have these young blond boys around. It just

> wasn't discussed. He was interested in power and access."[xxvi]

Power and access…sounds like the life ambitions of Donald Trump, doesn't it? Now we can see why Trump found such a mentor in Cohn.
It seems that Stone, a man who has been spotted marching in gay pride parades[xxvii], was close enough to the homosexual and possible pederast Cohn that he helped cover up Mossad's (and possibly Cohn's) leading role and coverup of the JFK assassination when he published a book blaming LBJ for the entire thing.[xxviii] Stone's book also implicates Richard Nixon, a man for whom Stone has campaigned and supported for years (Stone even has a life-sized tattoo of Nixon on his backside). Why Stone would implicate one of his heroes is odd, unless he was carrying out a coverup/limited hangout operation on behalf of someone else, perhaps the Mossad. Of course, Stone waited until Nixon was dead before he would dare make such an accusation.
Investigative journalist and author Michael Collins Piper, who is the world's premier theorist that Israel and Mossad assassinated JFK with help from the Lansky crime syndicate, the CIA, the mob, and others (thoroughly documented in his book, *Final Judgement****[xxix]***), believed that Nixon was not involved in any way in the JFK assassination. Incidentally, Stone's partner in disinformation Alex Jones has publicly denied Israel's involvement in the JFK assassination conspiracy.[xxx]

Trump continues the work of Mossad's Permindex by covering up truth about JFK assassination

Trump, himself, has also aided in the coverup of the JFK assassination by ridiculously claiming that GOP nominee opponent Ted Cruz's father was with JFK's alleged assassin Lee Harvey Oswald shortly before the president's murder took place. Whether or not Rafael Cruz was with Oswald handing out pro-Fidel Castro pamphlets in New Orleans in 1963, as Trump, Stone, and a *National Enquirer* story claim, is irrelevant, because Oswald obviously was not the assassin but was exactly what he said he was —a patsy. Trump, whose mentor Roy Cohn sat on the board of Permindex and is tied to CIA men like the Dulles brothers, one of whom sat on the sham commission set up to pretend to investigate the JFK assassination conspiracy, is endorsing the long-debunked official story put out by that very same Warren Commission. The Warren Commission was set up by Israel's Mossad and its allies in the CIA to hide their central

role in the murder of Kennedy. Even today, Trump aids and abets the Jewish terrorist organization Mossad. He is beholden to them and must not step out of line.

The kinky Stone-Infowars-Drudge echo chamber

Roger Stone has been an almost-daily guest on the Infowars show over the last several months, always, to promote Trump. The endless echo chamber the two have created has been expanded by the likes of other Jewish-controlled alternative media operations like Breitbart and the Drudge Report, which is run by yet another gay Jew, Matt Drudge.

Alex Jones could also be sexually compromised. In the leaked divorce with his then Jewish wife Kelly (Violet)[xxxi], which I reported on last year, court documents revealed that Jones was counseled by a team of marriage counselors, with a large number of them specializing in sexual addictions. Jones' ties to Hollywood slime like Charlie Sheen doesn't help his public image as an innocent all-American boy. Jones is a divorcee who is known to flirt with women on air, including his own hosts and guests, and apparently hooks his trashy friends up with hookers, like in the case of Amanda Bruce.[xxxii] Again, Trump's ring of supporters reek of sexual compromise—an apparent top-down effect. Unfortunately for Jones, he does not have the excuse of shilling for Israel due to blackmail, at least that we know of. He has been the Zionists' biggest alternative media cheerleader since 1996, long before Jones was divorced and potentially blackmailed. There have been rumours of homosexual affairs involving Jones but nothing that can be substantiated. Trump appears to take his anti-establishment talking-point cues from Alex Jones, as Trump often will publicly say things verbatim that were stated by Alex Jones on his radio show. There is no question that Jones has acted as Trump's unofficial public relations manager. For months, Jones has campaigned for Trump almost daily on his three-hour radio broadcasts.

The Lansky organized crime syndicate

The boss of bosses, Meyer Lansky.

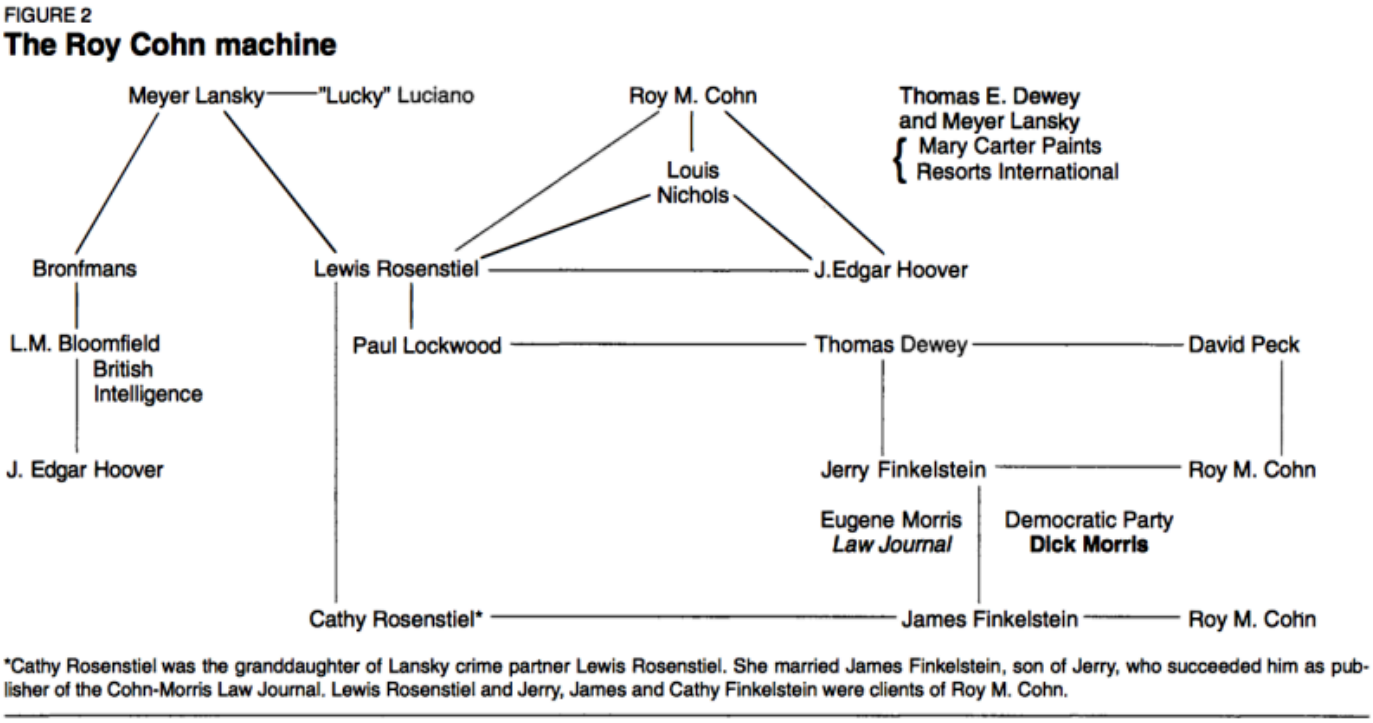
Trump's ties to the Lansky organized crime syndicate, run by Russian-Jewish mob boss of bosses Meyer Lansky, do not end at Roy Cohn and his membership on the board of Permindex or at Adnan Khashoggi. In 1987, Trump took over Lansky's Mossad/CIA money-laundering front, the Mary Carter Paint Company, then renamed Resorts International, from CIA frontman James Crosby. Michael Collins Piper writes,

> "In 1958-59 Dewey and a number of associates used a reported $2 million in CIA funds to buy a controlling interest in the Crosby-Miller Corporation (headed by Dewey friend James Crosby), which was then merged with Mary Carter."[xxxiii]

An add for the Mossad/CIA/Permindex front Mary Carter Paint Company.

Note that Dewey is tied to the coverup of the JFK assassination conspiracy through the Lansky syndicate.
Piper continues,

> "In 1963, Mary Carter Paint spun off its paint division and during the next several years began developing its casino operations, particularly in the Bahamas. In 1967-68, Mary Carter Paint officially changed its name to Resorts International and began massive international expansion. The Spotlight determined that several principal investors provided the funds and assets for the venture."



The Roy Cohn Machine.

Piper lists those principal investors as:

- Meyer Lansky, the acknowledged "chairman of the board" and chief financier of the underworld gambling syndicate, who maintained his own longstanding ties to not only Israel and the Mossad, but also the CIA and the American intelligence community;

- David Rockefeller, head of the Rockefeller financial empire, who provided his family's clout and CIA and global banking connections to assist in the operation;
- The Investors Overseas Service (IOS), then the world's largest flight-capital conglomerate, controlling assets worth $2.5 billion.
- Tibor Rosenbaum, who was not only the Mossad's Swiss-based chief financier behind covert arms deals but also the head of the Banque De Credit Internationale of Geneva, the Lansky syndicate's chief European money laundry; and
- Baron Edmond de Rothschild of the European banking family and a personal business partner of Rosenbaum in Rosenbaum's Mossad-related ventures ranging far and wide; and lastly,
- William Mellon Hitchcock, one of the heirs to the Mellon family fortune (one of America's largest private family fortunes, which, for many years, has also maintained close ties with the CIA).

Trump's money laundering Taj Mahal.

Trump eventually dumped his Resorts International investments during his bankruptcy, and the company ceased operations in 2014. It's difficult to believe that the money laundering and skimming of casino profits suddenly stopped when Trump took over the intelligence front. What Lansky's career in crime showed was that casinos were good for stealing from the poor, getting rich, and laundering money for groups interested in carrying out covert and illegal operations.

One of Lansky's partners, the late Jewish Louis Lesser, in 1990 sold Donald Trump The Taj Mahal Hotel and Casino in Atlantic City.[xxxiv] Trump refers to the syndicate operative Lesser as a "legend".[xxxv] After the Mahal went bankrupt, court proceedings revealed Trump's casino was involved in money laundering.[xxxvi]

Gingrich with Jewish yarmulke in apparent Kabbalist pose.

Newt Gingrich's Trump lie

Before I go on here, I should point out that it was largely the March 2016 televised propaganda of Zionist neocon Newt Gingrich that led to the public's false perception of Donald Trump as an anti-establishment outsider. On Fox News, Gingrich attempted to paint Trump as not belonging to the Judeo-masonic cryptocracy[xxxvii], which he undoubtedly is a member, likely as a freemason. Gingrich's lies were televised as part of a script to set up Hillary's strawman, false opposition, which he has now shown to be. The Gingrich lie paved the way for the conservative-thinking public to be groomed for Trump to be their hero.

WASHINGTON, DC – JUNE 28: Speaker of the US House of Representatives Newt Gingrich (L) prepares to shake hands with Chabadnik Rabbi Moshe Herson (R) after presenting a Congressional Gold Medal during ceremonies on Capitol Hill in Washington, DC, 28 June. The medal is given in honor of the late spiritual leader Lubavitcher Rebbe, Rabbi Menachem Mendel Schneerson, (Photo-C) who died last year.AFP PHOTO (Photo credit should read RICHARD ELLIS/AFP via Getty Images)

Jewish casino magnate Carl Icahn

El-Batrawi and Icahn.

Aging casino magnate and hedge fund investor Carl Icahn is yet another apparent Lanksy organized crime syndicate operative and friend to Donald Trump. Icahn is tied to the kosher 9/11 truth movement through John Gray[xxxviii] and is connected to Trump associate and Mossad asset Adnan Khashoggi, the Saudi billionaire. Icahn extended a $100-million line of credit to Khashoggi in his failed GenesisIntermedia endeavour[xxxix], likely an intelligence front and money laundering operation like many of his others. Trump has teased a bid to make Icahn treasury secretary should he become U.S. president.[xl] Interestingly, Khashoggi and Trump associate Ramy El-Batrawi, from Part I of this series, two years ago tweeted Icahn the following message: "@Carl_C_Icahn "hi Carl how are you its been a long time."

Icahn (second from left) and El-Batrawi (second from right) playing poker. El-Batrawi posted this photo on his Twitter page on Dec. 15, 2015.

Shortly before its closure on Oct. 10, 2016, Icahn tried to bail out Trump's bankrupt, money-laundering *Taj Mahal* (Mahal property was originally part of Lansky's *Resorts International* front). Although he wasn't able to save the resort, *Icahn Enterprises* gained control over Trump's other banrkupt casino, the *Trump Plaza Hotel and Casino*, run by *Trump Entertainment Resorts, Inc.* Icahn took it over this year, two years after its filing for bankruptcy.

The fix. Trump and Clinton in it together.

Conclusion

What I have attempted to show here is that U.S. presidential candidate Donald Trump is a sexually compromised and, subsequently, blackmailed stooge for the Jewish-masonic cryptocracy, specifically controlled by Israel's Mossad. His public image in the race for president is fake and is designed to radicalize the right while pushing the left further into the arms of awaiting candidate Hillary Clinton. A recent Wikileaks of the Podesta files reveals that the Clinton team wanted extreme Republicans as the best possible opponents leading up to her election win.[xli] Trump has certainly achieved this, by saying all the things the opposition wanted to hear. Today, Trump continues to carry out the Judeo-Masonic agenda while providing catharsis to the alternative right, who take him at face value.

Trump controlled by the KGB/Mossad – Part III

Timothy Fitzpatrick | fitzinfo.net | November 19, 2016

Trump mentor Roy Cohn a pedophile protector who blackmailed his protégé at Plaza Hotel 'blue suite'?

The bullish New York attorney Roy Cohn was the quintessential false-opposition operative working under Senator Joseph McCarthy. He prosecuted and persecuted communists, as part of the establishment-controlled red scare, as well as homosexuals, despite being a homosexual himself. But how he was so successful, achieving a huge amount of federal indictments as McCarthy's aide and attorney for the U.S. Department of Justice, was likely due to a dirty, dark secret of his: sexual blackmail, especially of the pedophile kind. Biographer Burton Hersh reveals about Cohn,

> "...When New York attorney John Klotz began to investigate Roy Cohn on behalf of a client...declassified New York government files and spadework by a private detective substantiated the allegation that there was indeed a 'blue suite' at the Plaza, Suite 233. 'Roy Cohn was providing protection,' Klotz discovered. 'There were a bunch of pedophiles involved. That's where Cohn got his power from—blackmail.'"[i]

Plaza Hotel, site of room 233, where Roy Cohn may have held underage sex parties in order to blackmail elites.

Not only was Cohn tied to the Nebraska GOP pederast ring (Franklin scandal), as we discovered in Part II of this series, Cohn was involved in a New York City sex ring, run out of a Manhattan hotel that eventually became owned by Cohn's protégé Donald J. Trump in 1988. Had Trump himself been compromised by Cohn in suite 233 with some child prostitute, not unlike the way Trump's friend Jeffrey Epstein would compromise elites at his "Lolita Island"? Katie Johnson, who was only 13 years old at the time, claims to have been lured to one of Epstein's underage sex parties in New York, where she was violently raped by Trump?[ii]

"(Detective James) Rothstein had an opportunity to have a sit-down with infamous McCarthy committee counsel Roy Cohn. During this sit-down, Cohn admitted to Rothstein that he was part of a rather elaborate sexual blackmail operation that compromised politicians with child prostitutes (Rothstein, no pagination). Cohn told Rothstein that this operation was being carried out as part of the anticommunist crusade of the time (no pagination).[iii]

There doesn't seem to be any proof that Cohn had compromised Trump, although we do know that Trump followed in the footsteps of Cohn, even assuming his bullish demeanor, as well as the two exchanging favors for years up until Trump abandoned his friend after it was revealed publicly that he had AIDS.

> “I hear Roy in the things he says quite clearly,” said Peter Fraser, who as Mr. Cohn’s lover for the last two years of his life spent a great deal of time with Mr. Trump. “That bravado, and if you say it aggressively and loudly enough, it’s the truth — that’s the way Roy used to operate to a degree, and Donald was certainly his apprentice.”[iv]

Cohn (left) with protégé Donald J. Trump (right).

Convict Jeffrey Epstein continued this illuministic spirit pioneered by Cohn in the New York underworld in the ring he appeared to have run, in connection with Trump’s Mar-A-Lago resort, which was apparently a proving ground for would-be sex slaves. And the whole notion of anti-communism as saving America was the convenient bait used in a basic Hegelian dialectical system. Cohn was vice president of rabbi George Sokolsky’s political action committee, the American Jewish League Against Communism (this league officially endorsed the Jewish-controlled John Birch Society, which has tentacles all over the alt right). Not only did Cohn’s sex ring help him advance his legal career, it helped him advance Jewish interests, specifically its capitalist dialectic in the West.

Pedophile book on Cohn’s sex ring stashed at Watergate?

Could the Watergate burglars have been after a pedophile book that contained the names of Cohn’s sexually compromised Republican Party and New York elites, which may have included Donald Trump’s name?

Watergate Hotel.

“[Detective] Rothstein also had an opportunity to speak to infamous Watergate burglar Frank Sturgis. During this conversation, Sturgis revealed one of the reasons for breaking into the Watergate. According to Sturgis, there was a “Pedophile Book” hidden away at the Democratic National Committee headquarters (no pagination). The book was supposed to have a list of pedophiles on the American political scene (no pagination).”[v]
This alleged book, no doubt, would have had dirt on Democrats, too.

> “Fugitive ex-CIA officer Frank Terpil has claimed that sexual blackmailing operations directed by the CIA were intensive in Washington during the Watergate era (DeCamp 179). Terpil also asserts that his former partner, Ed Wilson, was coordinating one of these sexual blackmail operations (179). In a letter to author Jim Hougan, Terpil revealed Wilson’s modus operandi:
> “‘Historically, one of Wilson’s Agency jobs was to subvert members of both houses [of Congress] by any means necessary…. Certain people could be easily coerced by living out their sexual fantasies in the flesh…. A remembrance of these occasions [was] permanently recorded via selected cameras…. The technicians in charge of filming… were TSD [Technical Services Division of the CIA]. The unwitting porno stars advanced in their political careers, some of [whom] may still be in office.” (Qtd. in DeCamp 179)’”

According to John DeCamp, Wilson’s ring was a continuation of Cohn’s.[vi]

CIA counter-intelligence director James Jesus Angleton proved to be such a loyal asset to Israel and its Mossad that he was honoured with a monument in Israel. (Source: Michael Collins Piper, The Final Judgment)

Late journalist and author Michael Collins Piper makes a good case for the Watergate scandal actually being orchestrated by Israel's Mossad to take down Nixon—in a continuation of a takedown of those in the JFK administration still working in government.[vii] Interestingly, James Jesus Angleton, Mossad's top ally in the CIA and alleged architect of the deliberately botched Watergate burglary apparently had sexually compromising photos of Cohn associate 33rd degree freemason J. Edgar Hoover.

> "Author Anthony Summers, in his recently-released biography of former FBI Director J. Edgar Hoover, described how the alleged compromising photos of Hoover engaged in homosexual activities (described in Chapter 7) managed to surface in relation to the Garrison investigation."
> According to Summers, he was told by former CIA contract operative Gordon Novel that he (Novel) was shown such photos by James J. Angleton."[viii]

Piper illustrates how it was Jewish mob boss Meyer Lansky who spearheaded the blackmail of homosexual Hoover.

> “Summers created a media sensation when he alleged in his new biography of Hoover, Official and Confidential, and on the PBS series “Frontline,” that Lansky blackmailed Hoover with supposed photos of Hoover engaged in homosexual activity.”[ix]

Could Lansky and his associates have directed Cohn’s sex ring? Hoover is alleged to have been witnessed dressed up drag with two young boys at the Plaza Hotel. Could it have been at Cohn’s Room 233 pedophile hangout?

Daily Mail lies about Trump rape accuser following convenient dropping of her lawsuit

Alleged Trump rape victim Katie Johnson (right) when she was in her early teens.

A week before the U.S. federal election, Katie Johnson, the woman who filed a lawsuit alleging that Donald Trump raped her when she was 13 at an Epstein sex party in New York, cancelled a press conference, at which she was to reveal her identity (the conference would precede the approaching pre-trial in December of this year). On November 2, Johnson’s legal representative, Los Angeles civil rights attorney Lisa Bloom, told a press scrum at her Woodland Hills, Los Angeles offices that Johnson would not be appearing due to fear of her life following threats.

> “I have bad news. Jane Doe has received numerous threats today as have all the Trump accusers that I have represented.”[x]

Then, only three days before the election, Johnson withdrew her lawsuit against the would-be President of the United States and his longtime friend Jewish billionaire and convicted child sex trafficker Jeffrey Epstein, who raped Johnson and other young girls while having them play out role-playing fantasies, exactly as the aforementioned Terpil explains about the CIA’s blackmail techniques.

Katie Johnson today.

That the dropping of the suit was a huge convenience for Trump and his eventual election goes without saying. Johnson’s deposition stated that Trump and Epstein threatened her life and those of the other child victims if they were to reveal the crime. It appears that, with this decades’ old threat, they finally got to Johnson and her lawyer in time for the election.

The mainstream media was mysteriously silent on the Johnson lawsuit, with the Daily Mail being the main conduit to disseminate information to the public regarding the case. The Daily Mail’s last article on the Johnson-Trump rape scandal was published on Nov. 7, 2016, the eve of the election, with the deceptive headline of “EXCLUSIVE: Troubled woman with a history of drug use who claimed that she was assaulted by

Donald Trump at a Jeffrey Epstein sex party at age 13 MADE IT ALL UP".[xi] Notice that the writer of the article headline used all upper case letters for the lie they told. This despite that the article never conclusively proves that she made up her story. No where does Johnson say she made anything up, yet the Daily Mail crafted this politically-motivated, click-baiting headline to suggest otherwise. The Mail also slanted the story to suggest that Johnson's claims were that of a drug-riddled, troubled person. If this is true, it is not an uncommon result for rape victims. In truth, the Daily Mail was counting on people reading only the dismissive headline rather than reading the article and weighing the evidence and deciding for themselves. Reading on in that article, there is very scant evidence from a conveniently anonymous source that Johnson made up her story. Furthermore, the Daily Mail itself spoke with Epstein procurer "Tiffany" who corroborated Johnson's entire story, which just happens to corroborate Virginia Roberts proven claims against Epstein. It seems the Daily Mail was given a last-minute directive (by Mossad?) to exonerate Trump, thus the Mail's sudden and unsubstantiated dismissal of Johnson's claims. Ironically, child-sex procurer Ghislaine Maxwell's Mossad-asset father Robert Maxwell controlled much of Britain's media at one time. It's likely that Britain's media, today, is still in similar hands, thus the dramatic U-turn by the Daily Mail in the Johnson case.

Adding to the disinformation surrounding this case is the double standard held by Trump supporters and the pseudo alternative media. Rape allegations—all of them—against Bill and Hillary Clinton are fair game but any against Trump are off limits.

Pizzagate: Interference play or further down the rabbit hole

The spurious "Anonymous" is believed to have started the Pizzagate conspiracy theory.

Shortly before the U.S. federal election, image-board discussion group *4 Chan, Reddit, and* the highly suspicious "anonymous" is alleged to have broken an elite Washington

DC child-sex scandal dubbed “Pizzagate”.[xii] Of course, it only involves democrats, even though the GOP has a history with child sex rings, like the aforementioned Franklin scandal in Nebraska and Washington DC.
It’s too early to determine right now the veracity of this conspiracy theory; however, those in conspiracy circles have completely bought into the theory blindly without investigating too deeply. There are inconsistencies in the story.[xiii] The fact that the story was automatically believed shows the mindset of Trump supporters and those on the alt right. They are as controlled as their opponents on the left, who also believe anything spoon-fed to them by Leftist talking heads.

The timing of the release of this scandal, thanks to Wikileaks hacked/leaked emails, is also suspect, as the rape case against Trump was gaining momentum as well as articles like mine showing Trump (and Clinton’s) connections child-sex ring of Jeffrey Epstein and his Mossad asset Ghislaine Maxwell. The right wing has had no interest in Wikileaks up until Trump announced his running for president, at which point Wikileaks seemed to suddenly shift its focus against the Democrats. Time and thorough investigation will reveal wether Pizzagate is legitimate or merely a distraction. There is also the possibility that Pizzagate is true but is *limited hangout*. Or, perhaps, Pizzagate is connected to Epstein and his Mossad-run child-sex ring.

Trump controlled by KGB/Mossad – Part IV

Timothy Fitzpatrick | fitzinfo.net | May 13, 2018

PART IV

How Trump fits in the global neocon-Likud-Chabad organized crime syndicate

The Talmudic-Zionist illegal state of Israel is currently officially run by gangster Benjamin Netanyahu of Israel's organized crime-run Likud party. Likud's roots trace

back to Jewish terrorist organizations like the Stern Gang and Irgun, which later evolved into the murderous Israeli Defense Forces (IDF). These modern day zealot organizations, with the aid of International Jewish criminals like mob boss of bosses Meyer Lansky, helped establish the Zionist state of Israel in 1948.

After years of criminal activity in America with Jewish mobsters like Mickey Cohen and Lansky, Irgun terrorist Menachem Begin would be rewarded by the Zionist-controlled West by becoming Prime Minister of Israel in 1980. He entered the national ministry through the Likud party, which he founded in 1973 through a blending of existing right- and left-wing parties in Israel—almost all of which agreed in their Zionism. Although Likud is based in Israel, it's founding and ongoing political success exist because of the loyal labouring of a global organized crime syndicate, which is even composed of some non-Jews.

Chabad mafiya

This syndicate—which appears to have been re-organized as a religious front called Chabad Lubavitch, a mystical Orthodox branch of right-wing Judaism created in Russia—conducts much of its illegal activity in and through the United States of America and Russia, whether its running drugs, arms, carrying out fraudulent business and real-estate transactions, sex trafficking, extortion, or assassinating undesirables. It sometimes wears the mask of the intelligence community and exists among Democrats and Republicans alike. No American president, save for JFK, has dared to cross it. Late FBI director and closeted homosexual John Edgar Hoover was so controlled by this syndicate that he publicly claimed that the mafia did not even exist! Lansky is alleged to have had photos depicting Hoover in homosexual acts, particularly one showing Hoover performing fellatio on his lover and assistant Clyde Tolson—once again, we see elite Jews using sexual blackmail in their systems of control and dominance.

Like Hoover, current U.S. President Donald Trump appears to be in total submission to this same international Jewish crime syndicate, which, without any shred of opposition from Trump, is directing U.S. foreign policy (naturally favouring Israel) as well as protecting the usurers who control the entire financial and political establishments. Trump's administration might as well be renamed the "Goldman Sachs Administration". Whether Trumps obedience to the syndicate is a result of his sexual compromise at the hands of Israel's Mossad (discussed in Part I of this series), his familial ties to Zionism

and international Jewry, or personal opportunism, Trump's administration can be said to be nothing short of being Zionist- and Jewish-occupied. What Likud wants, America will bring it, regardless of which figurehead poses as the American leader.

Likud's Oded Yinon Agenda for Trump

It seems the Likud agenda for Trump is mainly for war and the advancement of U.S. foreign policy in the interests of Likud-run Israel and its Judeo-masonic overlords. More and more we see the escalation of the threat of war against Middle East countries supposedly not already subservient to Israel and its Oded Yinon Plan (the Balkanization of the Middle East with Jews gaining more and more control), namely Iran and Syria, which just happen to be two of Russia's biggest Soviet Arab satellites. Where the Zionist Bush regime finished in 2008 (Afghanistan and Iraq), the Zionist Trump regime has begun. However, Iran's Jew-friendly leadership could broker a backroom deal with international Jewry to keep America out of a war, but they need Likud-controlled Trump in power as a hedge. As for Syria, Israel and international Jewry seem content letting both the United States and Russia tear it to pieces. It makes little difference to Jewry if Syrian pipelines are run by Russian Jews or American Jews.

Bibi, Trump, and the Kushners

How much closer could the ties between the Trump family and Israel be than king Likudnik Israeli Prime Minister Benjamin Netanyahu having slept in the bedroom of Trump son-in-law Jared Kushner[1]? But that's just the start. Let's examine the Jewish tentacles Trump has joyfully suckled leading up to and during his presidency.

"Kushner's father, Charles Kushner, had a personal relationship with the Israeli prime minister. Netanyahu visited Charles Kushner, a real estate mogul, in his office and also spent time at a Jewish school financed by the family. Netanyahu even included Charles Kushner on a list of wealthy American Jews likely to contribute to the Likud primary elections a few years ago, reported the New York Times."[2]
We've only scratched the surface here of the relationship between Bibi and the Kushners, but another interesting association is between Netanyahu's disgraced former

chief of staff Ari Harow, Trump-Russia back channeller Erik Prince of the Mossad-like *Blackwater* (now *Academi*), and Jewish billionaire Vincent Tchenguiz, who was once the largest shareholder in the SCL Group, the parent company of Cambridge Analytica (CA). CA is the data mining company currently under investigation for its involvement in getting Donald Trump elected president. Trump is tied to CA in multiple ways. But conflicts of interest are only the beginning, as the company is known for its use of sexual blackmail and other dirty tricks in achieving its objectives.[3]

Outrageously, Trump has his supporters fooled that he could use a Likudnik, Jared, to broker peace in the Middle East. The only kind of peace Trump could be interested in is a one-sided deal benefiting racist Israeli settlers and their criminal Likud government.

And wouldn't you know it, Trump and Kushner interests were named finalists earlier this year to build the FBI's new headquarters.[4] They are actually going to replace the old headquarters—dedicated to Lansky crime syndicate operative and FBI director John Edgar Hoover. Remember that Hoover was connected to the Roy Cohn pederast ring with which both Roger Stone and Donald Trump are implicated. Fittingly, the Trump interest—Vornado Realty Trust—is a major investor in 666 Fifth Avenue, the flagship skyscraper of the Kushner Cos.
Vornado is run by Jew Steve Roth, "who has been advising Donald Trump on his plans to revamp the nation's infrastructure."[5] Roth also served as one of Trump's top economic advisors during his 2016 election campaign. Despite his fake conservative sympathies, Roth is liberal through and through—donating money to gay marriage causes, likely provoked by the fact that Roth's own son is gay.[6] This moral compromise exists with Trump, too, who has flip flopped on such important issues as abortion and gay marriage. To confirm this, Trump attended the gay wedding of Roth's son Jordan in September 2012.[7] Chief usurist at Goldman Sachs Lloyd Blankfein was also in attendance. Trump's consistent flip-flopping, I should point out, does not seem to be due to Trump's confusion or trying appease both sides. Instead, it appears that the about facing is deliberately done as part of some kind of shock-and-awe confusion doctrine, where nobody can figure out anything, especially Trump's opponents.
Sodomy and usury: together at last.

Jeffrey Epstein's Mossad-connected child-sex procurer Ghislaine Maxwell with Trump-appointed Stephen Schwarzman at New Yorkers For Children Spring Gala April 16, 2008.

Trump administration full of Jews

Although Jews constitute less than one per cent of the U.S. population, they dominate the Trump administration. They are overrepresented—far more than any other identifiable group. Dozens of Zionist Jews have been placed in top positions, some of which include(d)[note: some of these positions have changed]:

- Jared Kushner (Trump's own son-in-law)
- David Friedman (Ambassador to Israel)
- Steve Wynn (Jewish casino mogul appointed chairman to GOP finance leadership team)
- Elliot Broidy (deputy finance chairman to GOP finance leadership team)

- Michael Cohen (Trump's personal lawyer and appointed as deputy finance chairman to GOP finance leadership team)
- Jason Greenblatt (Middle East Zionist advocate)
- Steve Mnuchin (Goldman Sachs bankster-Soros Group investor-turned U.S. Secretary of Treasury)
- Gary Cohn (Director of the National Economic Council)
- David Shulkin (Director of Veterans Affairs)
- Stephen Schwarzman (chairman of strategic and policy forum [position now dissolved])

Other Lower appointments of Jews

- Carl Icahn (casino magnate and syndicate operative)
- Stephen Miller (staffer)
- Boris Epshteyn (special assistant to the President)
- Avrahm Berkowitz (special assistant to the President and Kushner)
- Lewis Eisenberg (finance chairman for the Republican National Committee)
- Michael Glassner (national political director)
- Reed Cordish (assistant to the President for intragovernmental and technology initiatives)

And there are even more Jews present in the Trump administration at mid- and lower levels. Of course, a United States presidency run by Netanyahu and Likud would have to be disproportionately staffed by fellow tribesman. Jews also dominate the back channel between the Trump administration and Russia.

The Trump family's long-standing Chabad love

Running alongside the Likud control of Trump is Jewish religious and mob control. Enter the mystical, radical kabbalist "sect" Chabad Lubavitch. I put sect in parentheses because there aren't really any sects of Judaism, because Jewry functions as a unified

entity regardless of internal disputes. Trump's ties to the Chabad crime syndicate go back to his father Fred, a businessman, real estate speculator who "had a lot of Jewish tenants"[8] and Chabadnik handlers. Trump must have felt something special for his Jewish tenants, because in the 1950s, he donated land for what became Beach Haven Jewish Center and "continuously supported its activities throughout his lifetime."[9] The Center's current "Rabbi & Rebbetzin" is Brooklyn local Shimmy Silver, who grew up in the Crown Heights Chabad community.

Also from Crown Heights are Chabadniks Samuel "Sandy" Lindenbaum—high-powered legal counsel to Donald Trump, to the aforementioned Steven Roth, and to 9/11 conspirator Larry Silverstein[10]—and his father Abraham "Bunny" Lindenbaum, an apparent Lansky organized crime syndicate operative who appears to have been Fred Trump's handler and confidante. "As his father had had Bunny Lindenbaum for his fixer, Donald Trump had Roy Cohn, the Picasso of the inside fix," reads a 2015 Vanity Fair article.[11] "Fred Trump's own real-estate fortune had been made with the help of the Brooklyn political machine and especially Abe Beame. In the 1940s, Trump and Beame shared a close friend and lawyer, a captain in a Brooklyn political club named Bunny Lindenbaum."
Abraham David Birnbaum (Beame) was the first Jewish mayor of New York[12] as well as its comptroller throughout the 1960s and '70s. Beame attended Donald's wedding to Ivana in 1977. Beame was in cahoots with both Roy Cohn and his father Al[13] and may have been part of Cohn's sexual blackmail ring. Incidentally, the Trump's profited handsomely around the time Beame's politics bankrupted the City of New York. Donald negotiated the biggest tax break in New York's history, worth $160 million, buying up derelict buildings.

Donald and Chabad

On November 9, 2016, after Trump had been elected president of the United States of America, the Israeli press boasted of Trump's relationship with Judaism and the Chabadniks.[14] "Trump is one of the donors of the Ruzhin-Bayan yeshiva in Jerusalem," the article states. "As is well known, Trump's clear connection to Judaism lies first and foremost with his daughter Ivanka, who converted to Judaism after

marrying her Jewish real estate mogul husband (Jared Kushner). Ivanka appeared during the election campaign at a Chabad synagogue in the United States and even came to the Rebbe of Chabad together with her husband." The article goes on to praise Trump as a righteous gentile; however, he may, in fact, be Jewish.

Kushners and Chabad

The visit to the "Rebbe" refers to the deceased Jabba-the-Hut lookalike "Rabbi Mendel Menachem Schneerson," perhaps Judaism's biggest failed messiah whom Chabadniks believe will come back from the dead, liberate Jews, and make them kings of the universe. Ivanka and Jared prayed at the rebbe's gravesite.

The visit was nothing new for Jared, who has long ties to the Chabad syndicate. While at Harvard, Jared was the head of Chabad house.[15] Furthermore, Jared's ex-convict father, Charles, is also a Chabadnik. It was a Chabad executive director, rabbi Zalman Grossbaum, who wrote a letter on Kushner's behalf when he faced 18 counts of illegal campaign contributions, witnesses tampering, and tax evasion. What's more, the rabbi also had no problem vouching for a disgraced man who was also caught in an Epstein-like sexual blackmail trap, which involved hiring a prostitute to seduce his brother-in-law who was co-operating with federal officials in an investigation targeting Charles.[16] Perhaps Charles should have gone to Trump and Epstein for help in this regard.

Trump surrounded by Chabadniks

Fred and his wife Mary Anne (President Trump's mother) died at the Long Island Jewish Medical Center in New Hyde Park, New York.[17] Whether this means the Trumps were Jewish is unclear. Blogger Richard Presser provides sources that tend to show that Trump family are, indeed, of Ashkenazi Jewish extraction.[18] If true, the Trumps could have been Chassidics well before Ivanka Trump married into the Chassidic Kushner family. There are many more Trump-Chabad connections, which we will continue to explore.

The Russian connection is actually another Chabad-crime-syndicate connection

The Trump campaign and its false right support base have been mocking the left-wing media for its claims that Russia meddled in the U.S. election. It's all just Democrat party propaganda designed to incriminate Trump and the apparently right-leaning Putin regime, the rhetoric goes.

But a deeper examination of the claims reveals the truth; although, said media is not framing the evidence accurately. Instead of showing that mainly Russian-Jewish oligarchs have been meddling for their own personal interests and for the purpose of advancing Jewish geo-political interests, the left-wing media is framing the narrative as Putin and the Kremlin, alone, meddling for geo-political advantage of the Cold War sorts. It's a gross oversimplification of things, which Putin must love, because it hides the true goings on.

The key Judeo-Soviet oligarchic and mobster players in Trump's ascension to power include but are not limited to:

- Felix Sheferovsky (Felix Sater) [Trump-Russia back channeller, real estate money laundering fixer]
- Tofik Arifov (Tevfik Arif, sexpionagist and real-estate fixer with Bayrock)
- Lev Leviev (King of Diamonds, Putin-Netanyahu-tied Soviet-Jewish mobster)
- Semion Mogilevich (Ukrainian-born Russian-Jewish mob boss)
- Alexander Mashkevich
- Alex Sapir
- Rotem Rosen

Felix Sater

Sater (right) with Chabadniks and photo of Chabad's failed messiah Mendel Menachem Schneerson.

On November 3, 2015, Felix H. Sater—a man whom Chabad Lubavitch twice declared "man of the year"[19]—sent an email to Trump's personal lawyer Michael Cohen describing how the mobbed-up Chabadnik would "engineer" Trump becoming president of the United States of America and how he would get "Putins team" (sic) to buy in on it. It appears that this is exactly what happened. Around the time of this email, Cohen and Sater had been working on a scheme to get American sanctions on Russia lifted as well as a "peace" plan between Russia and Ukraine[20]—the invasion of Ukraine by Russia and the annexing of Crimea provoking the sanctions in the first place.
The scheming appears to being paying off; as now the U.S. State Department is saying there is no need to sanction Russia over its election meddling.[21]

Born in Moscow to Jewish parents, Sater became senior advisor with The Trump Organization following years of working as a fraudster and in the powerful Jewish-Russian organized crime syndicate under his father Mikhail Sheferovsky, who was an underboss to Russian mob boss Semion Mogilevich (Jewish). On Nov. 5, 2013, Trump perjured himself in a video-recorded sworn deposition when asked if he even knew Sater.

If he "were sitting in the room right now," Trump said, "I really wouldn't know what he looked like." He went on to say, "I don't know him very well, but I don't think he was connected to the mafia."[22]

Sater went on primetime television this year stating that he personally knows Trump but, ridiculously, wouldn't acknowledge that Trump personally knows him. Apparently, Sater's guilty plea in 1998 to his involvement in a Russian-mob orchestrated stock fraud scheme worth $40 million was either not enough to convince Trump or Trump didn't know about it. Either possibility is difficult to believe.

It's likely that one of Sater's roles with The Trump Organization and with Tevfik Arif's real-estate development firm Bayrock Group, was to help Jewish-Russian oligarchs/mobsters secure property with which they could then launder their dirty money via various shell companies based in the Netherlands. This appears to have been the Russian crime state's primary use for Trump before he became their shill in the White House. Trump's various real estate projects (many of which were utter failures) contain units owned by a disproportionate number of Jewish-Russian mobsters/oligarchs. At least three Mogilevich members live at or bought units in Trump Tower. An untold millions upon millions of dollars have been laundered through Trump real estate since at least the 1990s and millions more through other ventures, like Trump's *Taj Mahal* casino, against which federal prosecutors levied a $10-million fine—the highest ever levied against a casino—for repeatedly and willfully violating anti-money laundering regulations.

It's unlikely that Sater will be taken down for either his participation in organized crime or for colluding with Russia to get Trump elected president, as Sater is protected by the U.S. intelligence community—allegedly for his co-operation in ratting out other criminals in his sphere (his co-operation helped him stave off a 20-year jail term on one count). This, of course, is very convenient for President Trump.
And the mainstream media, as anti-Russian and anti-Trump as it appears to be, will not touch the mob ties to Trump, especially regarding Sater and Semion Mogilevich. Perhaps part of Sater's immunity involves the media keeping a lid on things. Even liberal commentators are noticing the mainstream media's silence over Trump's numerous mob associations.[23]

An interesting side note about Sater is that as a boy, he and his family fled the Soviet Union and immigrated to Israel before eventually setting their meat hooks in America.[24] It is theorized that Soviet mass murderer Joseph Stalin's true intentions behind the

so called Jewish purges during his reign was to help the Zionists colonize Palestine—similar to Jewry's Havaara agreement with Adolph Hitler. The Sater family history corroborates this theory. But the Saters did so much more for international Jewry than just colonize Palestine. They expanded Jewish crime interests the world over.

Tevfik Arif & Alexander Mashkevitch

Scummy real-estate money launderer and suspected child sex trafficker Tevfik Arif is the founder of the aforementioned Bayrock Group, of which both Trump and Sater have used to aid their organized criminal activities. When Trump couldn't secure financing from other creditors for his various ventures, due to multiple bankruptcies and debt, he turned to his Soviet-born gangster pal Arif, among other shady dealers. Arif worked for the Soviet Ministry of Commerce and Trade of the "former" USSR for 17 years before finding his niche as a crime syndicate operative. And although he apparently isn't Jewish, he is a big donor to Felix Sater's Chabad home synagogue of Port Washington.[25] Again, we see the ever-pervasive Chabad mafia lurking beneath the reigns of power.

Mashkevitch honoured with Torah scroll at Chabad Russian Centre of South Florida in 2011.

In 2010, Arif was arrested aboard a $60 million luxury yacht, The Savarona, where authorities found underage girls and young women from Russia and Ukraine, who were believed to be used to sexually service prominent people for $3,000 to $10,000 per tryst.[26] Arif, also accused of human trafficking by authorities, was one of ten people arrested in the incident. A year later, Arif was acquitted by a Turkish court (keep in

mind that Turkey has good relations with Russia and its organized crime syndicate) along with six others.
Four, however, were convicted but with suspended sentences.
Bloomerberg reported that the others arrested included Russian, Kyrgyz, and Kazakh businessmen and government officials. The Israeli press revealed that Kazakh-Israeli billionaire Alexander Mashkevitch (a World Jewish Congress member), Russian-Jewish businessmen Telman Ismailov, and a senior aide to Kazakhstan prime minister Karim Massimov were among those arrested on the yacht.[27]

“The investigation began several months before the police raid on the yacht. The Turkish police received information about a crime organization that deals with human trafficking and solicitation. The organization was headed, according to the information, by Taufik Arif, a Turkish tycoon, Donald Trump’s business partner and owner of a metal production factory in Kazakhstan and many other businesses in the U.S. and Britain. Arif, dubbed “David” by his people, was born in Kazakhstan and lives in Turkey since 1994. The police followed his organization for two months, documented them with video cameras, tapped their phones and broke into their email and bank accounts.”[28]

Young slavic women detained following an elite tryst on the Savarona.

The Jewish press article goes on to describe an all-too-familiar scenario reminiscent of Trump’s sleaze bag pal Jeffrey Epstein:

Russian and Ukrainian models, two of whom were underage, are brought from Arif's sex party on the Savarona.

"Investigation materials show that Arif's organization provided escort services to businessmen. The young women, some of whom were underage (according to the investigation, one of the businessmen was especially fond of 13-14 year old, and the organization head supplied those girls) were brought from Russian and the Ukraine, through modeling agencies.

The investigation protocol includes transcripts of phone calls between Arif and his partners, describing the girls, their age, height and looks."

Although Mashkevitch denies having even been on the yacht at the time it was raided, Turkish reports claim to have proof, in the form of receipts, that Mashkevitch paid in advance for use of the yacht during the five-day tryst.[29] Interestingly, Princess Diana and Dodi Al Fayed, whom I briefly talked about in Part I of this series as being assassinated by Mossad, had chartered this same yacht at one time.[30] Adding to the implausibility of Mashkevitch's —and Arif's—claim to innocence is the fact that the yacht was originally purchased by Mustafa Kemal Ataturk, the founder of modern Turkey. According to Y Net News, "The orgy affair raised a storm in Turkey, because any slur on the memory of Ataturk is an offense punishable by imprisonment," which to

seems to say that Turkish authorities were trying to downplay the entire affair, even if it meant they had to let the guilty off the hook. So revered is this yacht by the Turks that there are calls to turn it into a national museum![31] Therefore, why let this sex scandal taint its image and run the risk of breaking the law?

Through Mashkevitch's Eurasian Group, he is alleged to be a financier of Trump's real estate projects through Bayrock LLC. And wouldn't you know it, Mashkevitch appears to be a Chabadnik. In late 2011, not long after he was arrested on Arif's boat with the young prostitutes, Mashkevitch' was honoured with a Torah scroll at Chabad Russian Centre of South Florida (Trump's neck of the woods).[32]

Could Trump's chum Arif have been running a child-sex blackmail operation like his other chum Jeffrey Epstein? It's quite possible. Arif and Epstein could be part of the same Mossad-KGB elite blackmail operation.

Lev Leviev and Vladimir Putin.

Lev Leviev

Trump and Leviev.

“King of diamonds” Levl Leviev is believed to be the primary financier of the worldwide Chabad Lubavitch syndicate. The Soviet Jewish oligarch—who became rich from blood diamonds in Africa and helping the Soviet satellite of Angola embezzle millions from its people—is close friends with Russian President Vladimir Putin, Israeli Prime Minister Benajamin Netanyahu, is in “partnership” with Donald Trump, and is tied to Jared Kushner through the sale of a portion of The New York Times headquarters in Manhattan. The deal was done in 2015 through Leviev’s daughter Chagit on Behalf of Leviev’s Africa-Israel Investments. Kasowitz Benson Torres LLP represented Leviev’s company in the sale. One of its lawyers, Marc E. Kasowitz, happens to be representing Trump in the U.S. government’s Russia probe.

Leviev’s partnership with Donald Trump is not clear, although it probably has to do with real estate and money laundering (Leviev’s companies have been under investigation for money laundering for years). A now-removed photograph from the Pinterest account of LLD Diamonds USA of Trump and Leviev shaking hands, with the tag “partnership”, says there must be something more to their association. The fact that the photograph was removed after inquiry from journalists only feeds suspicion. *The Washington Post* reported that in 2008, Leviev invited Trump to his Madison Avenue

diamond store, where the two were photographed together. “Leviev hoped to work with Trump on Moscow real estate deals, according to an article in Kommersant, a Russian newspaper,” the Post went on to say.[33] Leviev also has direct ties to Trump through his Jewish-Russian underlings Alex Sapir (of Trump-Bayrock partner Sapir Organization) and Rotem Rosen. The two accompanied Trump during his 2013 visit to Moscow.

Chagit Leviev (right) with Ivanka and Jared Kushner.

Leviev is a sponsor of Chabadnik rabbi Berel Lazar, the chief Rabbi of Russia, who is close with Putin.
As with all good Soviet “businessmen”, Leviev has deals in communist North Korea and China— Sino-Soviet axis members.

Russian-Jewish oligarchs own Trump

Because of Trump’s repeated insolvency and growing debt, he needed the only available loan sharks in the world—Jewish-Russian oligarchs and mobsters (it becomes difficult to distinguish between the two). These oligarchs only came to such a position by looting from the Russian people after Soviet president Mikhail Gorbarchev’s Perestroika plot kicked in and allowed for publicly-owned resources and businesses to be snapped up by ready and willing criminal leeches—an overwhelming majority of which happen to be Jewish. The fake collapse of Communism in the 1990s allowed for the rise of this criminal mafiya state, which has carried on the Soviet tradition of bloody terror. Little has changed in this regard, as has the economic plight of average Russians.

Trump controlled by KGB/Mossad – Part V

Trump at event with broadcaster Mike Wallace (second from right) and KGB/Mossad super spy Robert Maxwell (right). The man in the middle with the glasses is Senator John Tower, who was involved in Maxwell's KGB/Mossad PROMIS software scandal, technology theft for Soviet aims. Incidentally, Tower himself was sexually compromised by the Soviets. This photograph was likely taken at a party on Maxwell's yacht, the "Lady Ghislane" in New York in May 1989. It's also likely that Jeffrey Epstein was on board the yacht. It appears that Jeffrey Epstein madame Ghislane Maxwell (Robert's daughter) is situated between Wallace and Robert Maxwell perched on a ledge in the background.

Timothy Fitzpatrick | fitzinfo.net | June 3, 2018

Part V

Why and for whom had convicted pedophile Jeffrey Epstein and his alleged procurer girlfriend Ghislaine Maxwell bugged the sexual encounters between his elite friends and children and prostitutes? Was it merely for billionaire Epstein's own gain or was it for someone else? Was Epstein the ringleader? Or was it actually his girlfriend?

It seems unlikely that the already-rich Epstein did it for his own blackmail purposes. It's difficult to find a clear motive.

Epstein doesn't seem like a politically ambitious character. Instead, he seems content with his billions and sexual license. What seems more likely is that Epstein and Maxwell were doing it for a third party. Let's continue to speculate, as we have for the breadth of this series, that that third party is Israel's bloody spy agency Mossad and about what they stood to gain from Epstein's sexual blackmail of prominent people, especially U.S. President Donald Trump.

Trump rides *Lady Ghislaine* in Mossad super cell

Maxwell and the Lady Ghislaine.

Donald Trump revealed in 2002 that he had been friends with Jeffrey Epstein for 15 years. That would put the start of their friendship around 1987; although, it's possible their friendship began earlier. The late disgraced Mossad superspy and media mogul Robert Maxwell (Jewish name: Abraham Leib Hoch, of a Chassidic Jewish Czech family), the father of Epstein's alleged child-sex procurer Ghislaine Maxwell, held a party on his yacht, the *Lady Ghislaine* (named after his favourite daughter*),* sometime in the spring of 1989. Guess who was at that party? Donald Trump. Also on board, according to the *St. Louis Post-Dispatch****[1]***, were Ghislaine Maxwell, former U.S. senator John Tower (of Iran-Contra scandal infamy), and other prominents, like ex-navy secretary John Lehman. Whether Epstein was at that party is anyone's guess, but it's certainly plausible, as Robert Maxwell had extensive dealings with bankers and

financiers, including the Rothschilds, his “trusted friends” Goldman Sachs, and Lehman brothers. You’ll remember from the first part of this series that Trump’s yacht, *Trump Princess*, was purchased from Mossad asset and major Iran-Contra player Adnan Khashoggi.
Maxwell’s £12-million yacht, *Lady Ghislaine*, was purchased from one of Khashoggi’s brothers. As we will see, Maxwell himself was a significant player in the Iran-Contra affair on behalf of Israel’s Mossad and, to some extent, the Soviet Union.

So now we have established not only a long-standing relationship between Trump and Epstein but also between Trump and two Maxwells—Robert and his daughter Ghislaine. Trump’s late father Fred personally may have known Robert Maxwell as well, as Fred was involved in major real estate projects that would have interested characters like Maxwell and his money-laundering thug pals in the Soviet Union, who laundered much of their dirty money through New York and Florida—two places in which Donald Trump has primary residences. Donald Trump and Ghislaine could be friends, business partners, acquaintances, or perhaps something more. The trio (including Epstein) has been spotted together on multiple occasions, including when golf magazine writer Michael Corcoran sat with Trump, Ghislaine, and Epstein on Trump’s private plane in order to conduct an interview.[2] In 2007, Ghislaine Maxwell was photographed with Ivanka Trump’s future brand officer of her clothing company at the Felix Rey Valentine’s Day party in New York City in 2007. Trump and Ghislaine may have been intimately involved with each other. Whatever the case, on board *Lady Ghislaine* that day in 1989, Trump was in the hands of a Mossad super cell.

Trump, Melania, Jeffrey Epstein, and GhislaineMaxwell at Trump's Florida residence Mar-a-Lago club in Palm Beach, February 12, 2000. Epstein's residence is blocks away.

Robert Maxwell: Soviet-friendly Mossad superspy

In that same year Trump was riding the *Lady Ghislaine*, Robert Maxwell was extremely busy scheming and scamming his way to riches and power, simultaneously working for himself as publisher of his British media empire, Mossad, the Soviets, and organized crime—all of which benefited each other in multiple ways. Maxwell biographers Gordon Thomas and Martin Dillon write, "Maxwell used the power of all his newspapers to

attack Israel's enemies" and that he had "acquired a rare and privileged position in the communist world."[3] When Maxwell wasn't making hundreds of millions hocking Mossad's pirated and bugged version of Bill Hamilton's PROMIS software to intelligence agencies, governments, and criminals around the world—even penetrating the Unites States' most secure nuclear installation, Sandia National Laboratories—Maxwell was helping Jewish-Soviet mob bosses like Simeon Mogilevich launder money through various world banks and through Maxwell's complex web of dummy corporations (in the fourth part of this series, we learned of Trump's role in helping the Mogilevich syndicate launder money through his real estate ventures. Mogilevich also got his hands on a copy of PROMIS, which was allegedly sold to Osama Bin Laden, among others) and brokering deals with likes of Soviet presidents Mikhail Gorbachev and Leonid Brezhnev (purported to be close friends with Maxwell), as well as KGB boss Vladimir Kryuchkov (the main player in the staged "August Coup" against Gorbachev and Perestroika). Maxwell helped Mogilevich obtain an Israeli passport through the Mossad.[4]

Perhaps it was Maxwell who first introduced Trump to Mogilevich and other Jewish oligarchs and crime figures. Perhaps they even met on the *Lady Ghislaine* that day in 1989. Perhaps this is when the Soviets, through mobsters like Mogilevich, first recognized the potential to blackmail and groom Trump as an agent of influence. Former FBI director John O'Neil—who died his first day on the job; September 11, 2001; as head of security at Larry Silverstein's World Trade Center—told journalists that Maxwell's complex money laundering schemes became the model for Soviet and other organized crime syndicates.[5] Evidently, Trump would go on to walk in Maxwell's footsteps, providing channels for Soviet oligarch loot—stolen from the mostly peasant millions upon millions of victims of communism in Russia and Eastern Europe.

Was Epstein blackmailing for Mossad through the Maxwells?

Seymour Hersh

To bring plausibility to the theory that Epstein and/or Ghislaine were running the child-sex blackmail ring on behalf of the Mossad, we have to establish a clear link to the Mossad. One is Robert Maxwell, via his daughter Ghislaine. The weight of evidence suggests that in 1991, the Mossad, itself, murdered Robert Maxwell after he allegedly tried to blackmail them into paying off his massive debts and because of the implications of the revelations in *The Samson Option: Israel's Nuclear Arsenal and American Foreign Policy* by journalist Seymour Hersh that same year that Maxwell had been a secret spy for the Mossad—something that was not publicly known up until that point. Maxwell was apparently assassinated shortly after the publication of Hersh's book, after British Labour MPs George Galloway and Rupert Allason quoted before the House of Commons a portion of Hersh's book as it pertained to Maxwell and demanded an investigation into Maxwell and his Mossad ties.[6] The Hersh citations, then free to be reported on by the press under parliamentary privilege, found their way into the British media, and Mossad's charade began to unravel. Hersh also revealed that one of Maxwell's *Mirror* editors, Nick Davies, had helped Maxwell and the Mossad betray former Israeli nuclear technician whistleblower Mordechai Vanunu. Mossad defector Ari Ben-Menashe claimed that in 1986 Robert Maxwell alerted the Israeli embassy (Mossad) that Vanunu had given *The Sunday Times* a story exposing Israel's nuclear development at Dimona.[7] Vanunu mistakenly thought that he was giving an independent news outlet the story of the decade. Instead, what he got was a Mossad honey trap, which resulted in the Mossad kidnapping Vanunu after being lured to Italy by a woman of the Mossad. Vanunu was then incarcerated for 18 years in Israel. These

revelations, along with Maxwell's mountainous debt, his ever rising complications with money laundering in the Soviet Block, and his supposed blackmail of the Mossad, appear to have led to his assassination on the *Lady Ghislaine* 5 November 1991, just weeks after the Hersh bombshell.

Then Israeli Prime Minister Yitzhak Shamir with Robert Maxwell in 1991. Shamir also ran assassinations for Mossad from 1955-1965 and is believed to have been involved in the assassination of John F. Kennedy.

Apparently, the Mossad had had enough of a man Likudnik Israeli Prime Minister Yitzhak Shamir once described as having done more for Israel than any other man on the planet. But remember, there is no honour among thieves. Many high-level operatives were murdered in the aftermath of the Iran-Contra affair—the affair itself being used expressly to help Israel arm Iran and Iraq as part of a Balkanization scheme, which became known as the Yinon Plan.[8] Israel also used the scandal to install Ronald Reagan as president—clearly the preferred choice of the Likud-Chabad syndicate. Donald Trump would go on to become Reagan 2.0 in 2016. Maxwell directly aided the Yinon Plan-Iran-Contra scandal by helping to arm Iran with weapons from Poland. Kryuchkov was fully aware of Israel's interests in arming its enemies and played right along (Mossad-KGB collaboration). "So the Iranians get to kill more Iraqis. Then, when Teheran is on top, Israel starts to supply Baghdad so as to kill more Iranians."[9]

Ghislaine Maxwell went on the record stating that her father was murdered, despite the botched investigation that tended towards either a suicide or accident conclusion. Ghislaine didn't hint at who might have carried out the hit. Would she go on, only a few

years later, to help Mossad set up Operation Jeffrey Epstein knowing that the very people she was working for might have killed her dad? Or did her father receiving a state funeral in Jerusalem—attended by the Israeli government's top brass—fool her into thinking that Mossad was innocent of her father's death? More interestingly, yet, perhaps she never volunteered to aid the operation in the first place but was approached by the Mossad and obliged out of fear that she might meet a similar fate as her father.

She could have detached herself from the past in order to gain what Mossad could have offered her. She was reportedly the most practical in her behavior after learning of her father's death. It seems she is not a woman ruled by her emotions.

More Epstein-Maxwell-Mossad connections

Russian President Vladimir Putin, left, shakes hands with Prime Minister Ehud Barak of Israel at the United Nations during the U.N. Millennium Summit, September 7, 2000 in New York. (Photo by Chris Hondros/Newsmakers)

Another Mossad connection between Maxwell and Epstein is Ehud Barak, former Israeli Prime Minister. While working for Mossad and helping Soviet Jews immigrate to Israel, Robert Maxwell would meet with Barak, who was then director of Aman, Israel's military intelligence.[10] After authorities sentenced Epstein for child prostitution in 2008, they discovered a black contact book containing names of many prominent people, some of whom Epstein is believed to have blackmailed. As well, it contained contact information for some of the child victims. Barak's name is in there…and it is was circled by Epstein's former housekeeper Alfredo Rodriguez (since died mysteriously) as being one of many to either witness or participate in Epstein's abuse of young girls. Also circled were the

names of Trump, Ghislaine Maxwell, and Alan Dershowitz, among others. Henry Kissinger—close friend to Robert Maxwell—was also listed in Epstein's book.

Another (potential) Mossad connection with Epstein—also with Robert Maxwell—is late Jewish billionaire bankster Edmund Safra. In a long list of Iran-Contra-Oded-Yinon players, Safra also appears to have been assassinated, in 1999. Safra's name and contact information were found in Epstein's black book. Safra was the owner of National Republic Bank of New York and helped Robert Maxwell launder money from the Soviet Bloc.[11]

Maxwell's involvement in the Soviet Perestroika deception

KGB head Vladimir Kryuchkov.

In addition to Seymour Hersh's exposure of Robert Maxwell as a secret Mossad spy, Israel may have also feared what Maxwell might reveal about Zionist-Soviet collaboration as well as the Perestroika (restructuring of Russian communism for public consumption) deception, of which Maxwell would certainly have had knowledge, being a close friend with Kryuchkov—one of the fake plotters used to legitimize Perestroika

and Glasnost as authentic. Kryuchkov helped Maxwell set up 600 companies through which to move dirty money around the globe; some of that money was made from the theft of U.S. technology. The Soviet defector who exposed the perestroika plot, Anatoliy Golitsyn, says this about Kryuchkov:

"As a leading KGB official, he supervised the experiments with 'democratisation' in Czechoslovakia and Poland. His KGB advisers worked closely with the Czechoslovak and Polish security services. As deputy head of the KGB since 1978, Kryuchkov has been intimately engaged in the preparation of 'perestroika'."[12]

Before Maxwell became a media baron, he served both in British intelligence and in British Parliament as a Labour MP. Ideologically, he appears to have been the quintessential socialist Jew, except when it came to his own capitalist businesses. Maxwell even smoked specially rolled Cuban cigars on the order of Fidel Castro himself.[13] So it was that Maxwell would go on to collaborate with the Communists in the Soviet Union to help Jews colonize Israel and to help the communists rob blind the proletariat. The Soviets began to issue visas to its Jews planning to immigrate to Israel following Maxwell's visits to and collaboration with the Soviet Union.[14] The astute reader will remember that the Soviet Union, next only to the United States, was the first to recognize the illegal state of Israel in 1948. I won't get into it here, but it's well-established that communism and socialism are constructs designed to advance exclusively Jewish interests. Maxwell, and almost certainly Mossad, could have been part of the Soviet development of the Perestroika deception (the fake collapse of communism designed to bring down the guard of the West). The Mossad's motto, after all, is *By Way of Deception, Thou Shalt do War*. Could Maxwell's alleged blackmail of Mossad have involved disclosure of Israel's collaboration with the Soviets and their perestroika fraud? It seems that such a revelation would have been more detrimental to Israel's long-range global plan—especially in light of their immense alliance with Russia today—than anything Mossad defectors Victor Ostrovsky or Ari Ben-Menashe revealed as motives—not to say that what they revealed wasn't significant. It certainly was.

Maxwell with Soviet leader Leonid Brehznev (middle) in 1978.

Golitsyn summarizes the role of agents of influence like the late Robert Maxwell and U.S. President Donald Trump working in tandem with Soviet Perestroika initiatives:

“These KGB assets will be used to generate Western support for ‘perestroika’ in the USSR and Eastern Europe and also to prepare a favourable climate for ‘restructuring’ in, and convergence with, the United States, Europe and the Third World…. The ultimate objective is Lenin’s replacement of nation states with collective regional governments as building blocks of the ‘New World Social Order’ – World [Communist] Government…. What the West fails to appreciate is that the motive for doing so and for introducing controlled ‘democracy’ is to stimulate changes in the Western system and to facilitate the convergence of the two systems with a view to the eventual absorption of the Western democracies within a World Government.”[15]

Israel's use for Perestroika is part of its world governance strategy, which involves the leadership of the rising Eurasian power, or BRICS hierarchy, with the self-proclaimed "chosen people" ruling it all. The Jews call it "olam ha ba", the world to come—their messianic kingdom on earth with gentiles as their footstool.

No doubt, Maxwell used his vast influence through his media empire not only to portray Israel as the good guy but also to perpetuate the legitimacy of Gorbachev's perestroika deception. The media, after all, were the Western' world's only disseminators of what went on in the Soviet Union. Thomas and Dillon reveal Kryuchkov as saying, "'Comrade Maxwell is going to be a good friend of this country.' And Maxwell replied that he would be glad to tell the world how much the Soviet Union was changing."[16] Maxwell would go on to purchase the English-speaking Soviet paper *The Moscow News.* "The newspaper had been Maxwell's attempt to embrace the liberating policies of Mikhail Gorbachev. Both saw the newspaper as a means to promote perestroika."[17] Gorbachev was "deeply grieved" by Robert Maxwell's death.

JULY 1, 1987 – Donald Trump and Ivana visit Palace Square in St. Petersburg, USSR. This is the same year year Trump and Jeffrey Epstein became friends. The Steele dossier alleges that St. Petersburg was another city in which Trump was sexually compromised by Russian kompromat agents. (Photo by Maxim Blokhin / TASS via Getty Images)

Did Maxwell pass on sexual blackmail of Trump to the Soviets?

If Robert Maxwell, or even his daughter Ghislaine, had blackmail material on Donald Trump, either from Jeffrey Epstein's various Kompromat Klubs or other sources, what are the chances that it was passed on not only to Mossad but also to the Soviets? Perhaps the Mossad originally contracted it out to the Soviets and Maxwell joined the fray later, or Soviet blackmail of Trump may have been a back up to Mossad's. We may never know. But the highly controversial Christopher Steele dossier tends to

corroborate this theory as well as Golitsyn's perestroika deception hypothesis—something both the Left- and Right-wing media completely ignore. Unforuntately, those on the Right have been kept from reading the dossier by way of deception. They have been told that it was invented by the Democrat Party, which it doesn't appear to be. The dossier appears to be authentic and is a must read for truth seekers. The Steele dossier discusses Trump's sexual compromise as taking place in Russia (i.e. "PissGate"), which isn't hard to believe. It doesn't say exactly how far back the *kompromat* of Trump extended, but it's likely to have gone back many years, as Trump has been involved with the Russians for a long time.

Maxwell's protege Epstein

Like Ghislaine and Jeffrey Epstein, Robert Maxwell was considered a "sexual predator" by at least one lover of his.[18] Also like Ghislaine and Epstein, he was no stranger to bugging. Maxwell had bugged his own offices—even restrooms—at the Daily Mirror in order to snoop on his employees. It seems that Ghislaine sees in Epstein the image of her father. Is this the reason she aids and abets his criminal activities, or is it because as the ringleader, she needs him. Perhaps it's a little bit of both.

Maxwell a Chabadnik?

In the previous installment of this series, we learned how Soviet power changed only in name—from the Communist Party of the Soviet Union to an organized crime syndicate controlled by the Chassidic Jewish Chabad Lubavitch, with which Donald Trump is deeply entagled. Although Maxwell's upbringing was in a Chassidic Jewish household, there isn't a lot of evidence linking Maxwell to the Chabadniks. In 2015, Chabad Headquarters published an article linking Maxwell with Chabadnik rabbi Yitzchak (Izzy) Kogan.

"Emotionally difficult though it was, Izzy nevertheless returned to Russia and put his street-smarts to work, negotiating with diplomats and private philanthropists to facilitate the dramatic air-lift of 226 children from the Chernobyl area to Israel. He reached out to Robert Maxwell and Armand Hammer who sent their own aircraft to evacuate the children since Russia refused to provide its own carrier. After several tense days during which the children were kept waiting in the Minsk airport with 400 frustrated parents, they finally arrived in Israel to great fanfare."[19]

Trump controlled by KGB/Mossad – Part VI

Trump, with Eric, Ivanka, and Epstein at the Harley Davidson Cafe opening in Manhattan in 1993.

Timothy Fitzpatrick | fitzinfo.net | October 27, 2020

PART VI

The evolution of the Epstein scandal now appears to reveal a very clear message to those who can see: the decades-long Soviet strategy of discrediting (and destroying) the West, via its leaders—through a Satanic, meticulously planned crescendo that could occur this fall during the U.S. presidential election and Brexit-no-deal.

Three of the biggest faces in the West—Donald Trump, Prince Andrew, and Boris Johnson—all seem to be fulfilling an age-old plan to bring down the West on behalf of the Jewish neo-Soviet power bloc due their own moral weakness and selfish ambition,

which seems to have been exploited by the illuminist Russian federation and its satellites, especially Israel.

With the late Jeffrey Epstein's alleged child procurer Ghislaine Maxwell now in FBI custody, it seems the Soviet KGB/Mossad active measure of Operation Epstein soon may be drawing to a close with only one final act remaining.

The British Monarchy, regardless of how corrupt and complicit it has become in the world anti-Christ communist conspiracy, must be destroyed before world communism can be installed. Enter Prince Andrew, Duke of York, as the catalyst for dividing the Royal family and making this communist goal possible (think Megxit). While the media may trivialize and downplay the significance of the disunity of the Royal Family, much of which is due to the revelations of Prince Andrew's alleged involvement in the Epstein KGB/Mossad blackmail ring, the breakup is part of the plan to usher in the new world socialist order—as is the break with the West's Catholic past (toppling of statues, changing of city names, etc.).

> "(Viktor) Suvorov (Soviet defector) claimed that 'grey terror' would have a psychological warfare component. The Russian special services, he wrote, would launch a scandal parade. Dirt would be invented, created or dug up on America's leaders, on America's defense establishment and on America's friends abroad. According to Suvorov, various nations would begin to distrust their leaders."[1]

Prince Andrew and Goga.

Whether or not it was Ghislaine Maxwell who set up Prince Andrew for *kompromat* (Soviet compromise, i.e. sexually), the Prince had other possible honeytrappers around him, with more direct ties to Russia (U.K. president Boris Johnson has plenty of his own ties to the Soviets). Take Jewish Kazakh socialite Goga Ashkenazi, alleged to be best friends with Prince Andrew[2] (and Nat Rothschild), the daughter of Soviet communist parents, carries a page from a 1,200-year-old Torah in her purse, and whose lover once included the son-in-law of Soviet satellite Khazakhstan's president Nursultan Nazarbayev, an open Eurasian Unionist (code for neo-Soviet Union). Goga's elite-connected father Erkin Zeinullayevich Berkaliev enriched his family by becoming the first appointed head of the Economics and Trade Department of the regional committee of the Communist Party Soviet Union. He was then recruited to Moscow's Central Committee, under no other than Mikhail Gorbachev himself. Goga was educated in a Soviet school "hothoused in English"[3], which seems to suggest she was also a member of the Soviet communist youth (KOMSOMOL).

> "'The main question torturing every Kazakh girl is: how did this ordinary and not so pretty mamba [peasant girl] manage to get to the top of British society?'"[4]

According to journalist Joshua Philipp, the Soviets used (and probably still use) the KOMSOMOL to recruit children for child-sex-trafficking rings used to entrap/blackmail Western VIPs.[5]

> "... 'Andropov is building networks for child trafficking and pedophilia, and this is a project the KGB has begun internationally, around the world,' claims researcher J.R. Nyquist. "The purpose of the program was to seduce politicians and business leaders, then control them as agents through blackmail."[6]

As sick as this is, it's the height of illuminism—something Adam Weishaupt could only have dreamed of. It's possible that Goga was groomed for this or perhaps as a conduit for other blackmail operators in London and around the world. I would venture to say that many of Epstein's girls were extracted from the Soviet KOMSOMOL system. Israel itself is a pipeline for Slavic sex slaves, so the Soviet-Israel sex link is a natural fit for Soviet blackmail purposes. Epstein victim Virigina Guiffre (formerly Roberts) claims in court documents released earlier this year that Epstein fueled his poolside kompromat orgies by regularly flying in girls and women between the ages of 15-21 who sounded Russian or Czech. Epstein "forced underage girls to have sex with Prince Andrew to blackmail him," Roberts says.[7]

> "Girls as young as 14 were available for sex on the same terms. Many American men went there for just that reason. One American businessman of Russian descent told me, 'Prostitution is legal here, and the age of consent is 16. If a policeman catches you with a 14-year-old, all you have to say is that she looked 16.'"[8]

Former Russian model Svetlana Pozhidaeva, the daughter of a Lieutenant Colonel in the Red Army and who herself attended a Moscow university thought to be an "incubator" for the KGB denies being at Epstein's Manhattan mansion at the same time

as Prince Andrew in 2010; however, she does admit to a long association with Epstein. [9]

Trump sits and watches young models, including Samantha Cohen, daughter of Trump's former lawyer Michael Cohen, at a fashion show.

Between 2013 and 2018, Epstein gave "suspicious" payments to alleged co-conspirators and to Russian models and females from Eastern Europe—seemingly as hush money and/or settlements, an investigation of Deutsche Bank has revealed. [10] The bank, which allowed Epstein to have accounts until 2018, was also fined as a

result of its dealings with FBME Bank and Danske Estoina, which was involved with money laundering for Russian oligarchs, to the tune of €200 billion. President Donald Trump's former lawyer Michael Cohen (Jewish), who admits that Trump colluded with the Kremlin to secure presidential victory and describes his former client as a liar, cheat, and fraud, also admits that he helped Trump deal with the females with whom he had affairs. "I stiffed contractors on his behalf, ripped off his business partners, lied to his wife Melania to hide his sexual infidelities, and bullied and screamed at anyone who threatened Trump's path to power… From [a depraved act] in a sex club in Vegas, to tax fraud, to deals with corrupt officials from the former Soviet Union, to catch and kill conspiracies to silence Trump's clandestine lovers, I wasn't just a witness to the President's rise – I was an active and eager participant."[11]

The disdain these Soviet-Jewish criminals have for the Royal Family can be seen in Ghislaine Maxwell, whom Epstein victim Maria Farmer called the "most dangerous asset for Israel" and said was abusive towards Princess Diana.[12] Epstein victim Virginia Guiffre alleges that Epstein ordered her to have sex with Prince Andrew then, when she was 17 years old, on three occasions. The Prince denies these allegations.

With the level of Soviet active measures going on in the United Kingdom, it's not difficult to fathom the Royal Family being ensnared by Russia's *kompromat*, especially with the family's moral vulnerabilities. What makes this scenario more possible is something which I suggested in Part 5 of this series (written two years ago), that Soviet-Jewish British media mogul and Mossad-KGB superspy Robert Maxwell (late father of Ghislaine Maxwell) was pulling Epstein's strings. Well, an alleged insider seems to suggest this very thing. According to the anonymous insider who spoke with *The Sun*, accused child sexual predator Jean-Luc Brunel (now a fugitive), a famed modelling scout and longtime acquaintance of Epstein, revealed Robert Maxwell's ties to Epstein in a conversation some 20 years ago.

> "Jean-Luc was telling them how Ghislaine's father Robert Maxwell was one of the reasons why Jeffrey Epstein had money," the source said.[13]
>
> "He said Maxwell had been one of Epstein's early investment clients. I assumed that Maxwell had invested in Epstein, who then used that money to make his own."

Unsealed court documents revealed that Brunel once flew three 12-year-old girls from France as a birthday present for Epstein.[14]

Farmer claims that Epstein was of low intelligence; therefore, is the narrative that Epstein was a self-made Wall Street billionaire plausible or was he bankrolled by Maxwell and/or others? Why, then, would Maxwell invest in Epstein if not for something clandestine? Farmer corroborates my theory from Part 5 and the testimony of the alleged anonymous insider. After Robert Maxwell's death, Farmer says "Epstein was assigned to take care of her (Ghislaine)."[15]

Trump-Epstein whistleblower Maria Farmer with paintings of other abuse victims.

Farmer dropped several bombshells in her two interviews with apparent Marxist gatekeeper Whitney Webb. She said she remembers Ghislaine Maxwell telling her "that the Rothshilds were the greatest protectors of her family" and that Epstein had an Israeli passport. Maxwell's finances are still a mystery, but we do know that the Jewish banking house JP Morgan managed at least $10 million of Ghislaine's money. "All the people they raped were never Jewish" farmer added, suggesting that Epstein and Maxwell both strongly identified as Jewish.[16] At the very least, Ghislaine, Epstein, Petrina Khashoggi, and Lady Forester de Rothschild were members of private social network club *A Small World*.

I'll just say a little bit about Whitney Webb, the self-described anti-globalist investigative journalist who seems to have risen to conspiracy fame suddenly and inorganically. It seems that she has taken on the Epstein story to control it on behalf of her apparent neo-Soviet handlers from down in Soviet-satellite South America, where she supposedly resides. She took on the story not long after I had completed Part 5 and apparently "expanded" on my investigative work. She is tied to Irano-Soviet outlets like Islamic-run Mint Press News, which I have written about. Webb puts an anti-Western, neo-Marxist spin on her writing and is featured on such sites as the pro-Kremlin Katehon, which also publishes the writings of alleged Epstein co-conspirator Alan M. Dershowitz, with whom Guiffre says she was forced to have sex while under age. Why would Webb, supposedly an exposer of Epstein, be featured alongside Epstein-tied Dershowitz and pro-Kremlin, Duginist shills? I can only think the answer is that she is a gatekeeper working on behalf of team kompromat. Dershowitz (Jewish) once wrote a column titled "Statutory rape in an outdated concept" and argued for the lowering of the age of consent to 15. (See my article on Dershowitz and controlled opposition Jewish shill Mike Cernovich).

Perhaps the biggest revelation Farmer made in her interviews with Webb was that Donald Trump was a co-conspirator of Epstein's, to the point that Trump's Czech-born ex-wife Ivana even assisted.

"Donald Trump's ex-wife was always in the car (with Ghislaine Maxwell)," Farmer said of Maxwell's procurement of high school girls in the Florida area and elsewhere. This fits the hypothesis I have been pushing since Part 1 of this series and now it has

eyewitness testimony to back it up. Unfortunately, the mass media is not reporting on this game-changing story. The Left-wing media that supposedly hates Trump won't touch this, let alone much of Trump's numerous other ties to Epstein and the Maxwells. This shows that the media is actually gatekeeping for Trump, only revealing kosher-approved narratives against or for him.

Donald Trump, Melania Trump, Prince Andrew, and Jeffrey Epstein captured in this photo at Trump's Florida club Mar-a-Lago. Not seen in this photo but also present was Ghislaine Maxwell.

It's quite disturbing to imagine Ivana helping Ghislaine procure girls for Epstein and Trump while little Ivanka, then only 10 or 11 years old, is out and about with dad and Epstein, like the time at the Harley Davdison Cafe opening in in Manhattan in 1993 . Ivana apparently had no problem letting her own daughter be in the presence of not only Donald but, worse, the child-trafficking Epstein. Is this completely irresponsible parenting or is there something more to it? Could Ivanka, as I speculated in Part 1, somehow have been involved in sexual abuse at a young age? Perhaps she was

participating in the procurement when she was older, even as an adult. She had immediate access to the prettiest females in the world while working in the modelling business herself when she was a teenager. It's hard to believe that Trump and Epstein (and Ivana?) would not have exploited this opportunity.

Ivana's Czech father was a "confidant" of Soviet Czech intelligence (Státní bezpečnost or StB). This fact came out in a 2016 article detailing the communist Czechs' surveillance of Trump and his then wife Ivana.[17] The article went on to say that a spy revealed in 1977 that Trump's businesses in the Soviet satellite were "absolutely safe" because they received commissions from the state. Trump's apparent free pass in Czechoslovakia aligns with the notion that he has a free pass in Russia, too.

> "In 1988, a further informant working under the cover name "Milos" reported that Trump was being put under considerable pressure to run for the U.S. presidency. The Czech authorities should be made aware, he said, that Ivana was under pressure herself to not put a step wrong during visits to Czechoslovakia, or else she risked putting her husband's potential candidacy in jeopardy.
>
> "'Any false step of hers will have incalculable consequences for the position of her husband who intends to run for president in 1996,' Milos wrote. He added that Trump was convinced he could win the presidency.[18]

On one of Trump's trips to the Soviet Union, upon return, he published an anti-NATO advertisement in a major newspaper.

> "A note by an StB spy named 'Al Jarda' of 10 October 1989 details a visit made to Trump by a delegation from a communist agricultural production cooperative from Slusovice, the village where Ivana Trump's father lived."

We can see here that Trump was groomed into his current position, not something he strove for as the all-American, self-made billionaire we have all been led to believe. It seems that the apparent kompromat on Trump was attained long ago, decades before

he would get to fulfill his role as a Soviet stooge. Trump may have been given directives to bid for President after a 1988 trip to Moscow.

> "Trump took an all-expenses-paid jaunt to the Soviet Union in July to discuss building the Russians some luxury hotels. The Soviets 'treated me beautifully,' he told reporters. 'The government would like me to build a major hotel in Moscow in quality and in style like Trump Tower'—the garish structure which Trump built on Manhattan's Fifth Avenue.
>
> "Shortly after Trump's return to the United States, Mike Dunbar, a well known Republican Party organizer in New Hampshire unveiled plans to enter Trump in the 1988 New Hampshire Republican primary."[19]

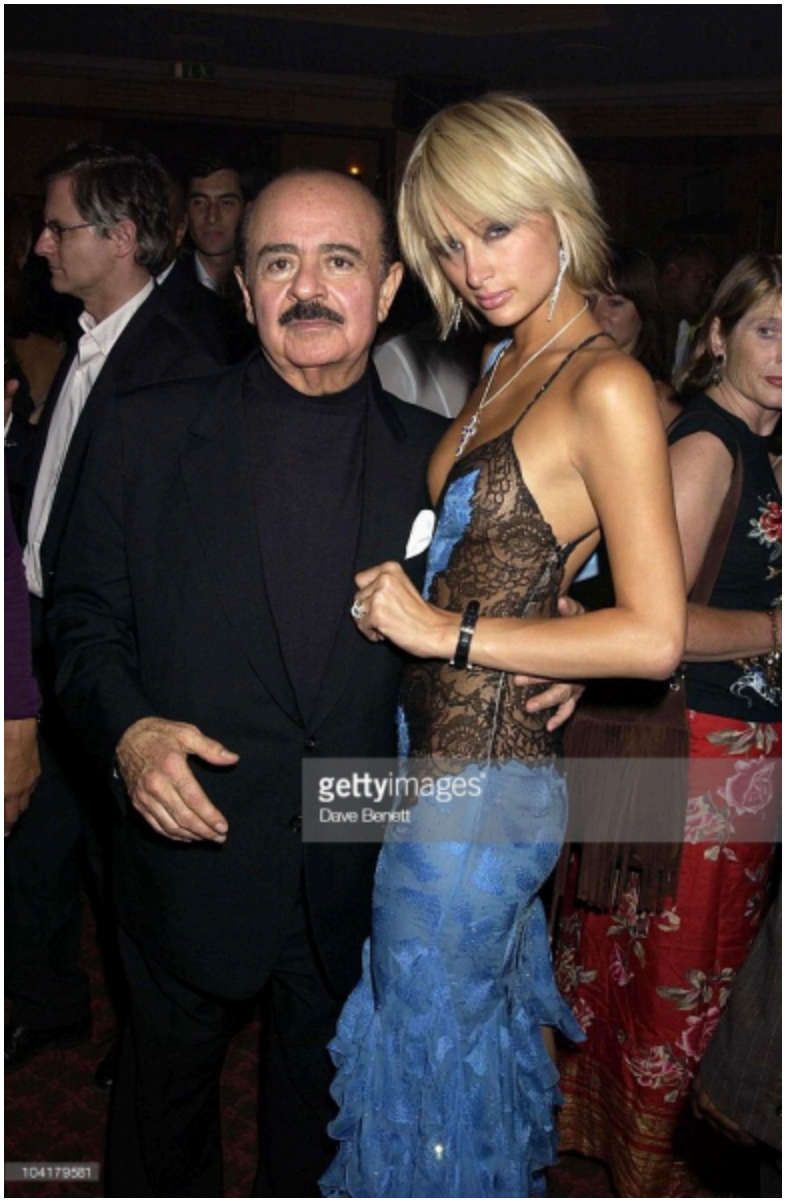
We can also see why Ivana, who apparently grew up in a communist village, withdrew her initial claim that Trump raped her, as it might have been devastating to his candidacy for U.S. president. Evidently, she was following the orders of her Soviet handlers.

Interestingly, Ivana, who was a model herself, spoke Czech with her children, which we have to assume included Ivanka. We have seen several photos of Ivanka with several of Trump's Russian-Jewish oligarch cohorts and others. Perhaps her role in this sordid affair is larger than it seems.

Trump, Paris Hilton, and Ghislaine Maxwell.

Speaking of Trump and teen models, Cohen tells a story in his book *Disloyal: A Memoir* about Trump whistling at his daughter Samantha, then 15, while she played tennis. “What a piece of ass. I would love some of that,” Trump is alleged to have remarked. “After Cohen told Trump that she was his daughter, he allegedly replied ‘when did she get so hot?’, and then beckoned her over to come and kiss him on the cheek.”[20] In Part 1 of this series I talked about Trump having eyes for then 12-year-old Paris Hilton. Christopher Mason, a former friend of Ghislaine Maxwell, claimed the alleged child procurer wanted to recruit Hilton for Epstein.[21] All three, Hilton, Trump, and Maxwell, are seen in a photograph together allegedly at a fashion show in New York in 2000. It’s unclear how old Hilton was when Maxwell is said to have wanted to recruit her, but Trump has admitted to first seeing Hilton when she was 12, at which age he thought she was “hot”. By the way, many of the photographs of Trump with Epstein, Maxwell, and Prince Andrew that have been released on wires such as Getty Images were taken by Davidoff Studios, a Russian-based photography company. Might

the studio be a KGB asset using the cover of photo journalism? How many more compromising photos might it have?



Hilton with Mossad asset, Trump friend, and probably one of the biggest Iran-contra players, the late Adnan Khashoggi.

Another suspected Mossad-KGB kompromat recruit, possibly via Epstein, is Monica Lewinsky, the famed Whitehouse intern who brought down Bill Clinton (according to an account in the book *A Covenient Death: The Mysterious Demise of Jeffrey Epstein*, Clinton is accused of having an affair with Ghislaine Maxwell). Lewinsky is of Soviet-Jewish extraction (surprise, surprise). Russian Jew Kirill Gilyarov seems to suspect that Lewinsky may have been a Chabad Lubavitch asset. “It’s curious that M. Lewinsky’s cousin, Mikhail, is a native of the USSR, now living in Belarus, near Vitebsk, an area of

traditional Chabad influence." In Part 1, briefly I talked about Ghislaine Maxwell attending Chelsea Clinton's wedding. Chabad (see Part 4), it seems, is a KGB-Mossad channel for intelligence and organized crime. It's primary financier is Trump associate Lev Leviev, a Soviet Jew. Leviev provided jewellery to Trump's ex-wife Ivana at her wedding to Rossano Rubicondi.

What else is curious is that Trump visited Israel in 1989 (perhaps in 1981 as well) when Yitzhak Shamir was Prime Minister.[22] Shamir (see Part 5) happened to be a crony of Chabad supporter Robert Maxwell's. To return the favour, it seems, Putin's rabbi Berel Lazar, of Chabad persuasion, visited Trump Tower in 2016, the year alleged to have been when much of the Trump-Russia collusion activity took place. Putin's not the only one with his own rabbi. Trump's late father Fred is known to have called Beach Haven rabbi Israel Wagner "my rabbi".[23] Wagner happens to be of Soviet-Jewish extraction (see Part 4 for more on the Trumps' ties to Chabad and Jewry). Another former Israeli Prime Minister, Ehud Barak (discussed in Part 5 as associated with Epstein), was Epstein's business partner until as late as 2015, only a year before the U.S. election. The former PM was even photographed at Epstein's New York estate and, according to neighbours, regularly crashed at Epstein's Upper East side apartment.[24] Former Israeli Mossad case officer Victor Ostrovsky claims to have witnessed wild orgies going on at Mossad headquarters. Was Barak a participant in Epstein's child-sex orgies?

Former Israeli Prime Minister Ehud Barak, or a look alike, at Jeffrey Epstein's New York apartment, where several young women were seen leaving.

With the Trump's decades-long loyalty to world Jewry, it's difficult to imagine that the Trumps are not Jewish (Trump-Jewish connections discussed at length in Part 4). As time goes on, we learn more and more about the Trumps. Was Freddy Trump's love for Chabad in New York merely opportunistic or was it kinship? According to a recent *New York Times* article, "When he (Fred junior) enrolled at Lehigh University in Pennsylvania, the boy with blond hair who had attended an Episcopalian boys' preparatory school on Long Island joined a Jewish fraternity… 'It may have been Freddy's first attempt to make his own statement to his father,' said his best friend at Lehigh, Bruce Turry, who, like several other former fraternity brothers, remembered Freddy claiming that his father, the son of German immigrants, was Jewish." If the Trump's are not ethnic Jews, one thing for sure is that they are obedient Noahides in the dark spirit of the Talmud. Donald and his family certainly have an affinity for the Kabbalah and there is a high probability that he is a freemason.

Trump controlled by KGB/Mossad – Part VII

Donald Trump and KGB operative Robert Maxwell aboard Maxwell's yacht in 1989. Also aboard were Ghilsaine Maxwell and, likely, Jeffrey Epstein.

Timothy Fitzpatrick | fitzinfo.net | March 16 2025

PART VII

Hopefully by now, one can see that Trump is a sexually compromised pervert controlled by a joint KGB-Mossad compromise (*kompromat*) operation to direct the U.S. presidency towards world Communist aims, which is less overt than control through the Democrat side of things, since Trump poses as a conservative and, laughably, a Christian. It's been nearly five years since this author wrote the last piece in this series and a lot has happened, but nothing that wasn't difficult to predict. Only the level of depravity and treason is shocking. This and the following installment will

provide more evidence of Trump's treason and perhaps tie up any loose ends in this traitorous affair.

Star witness Giuffre seems to confirm Farmer's claim of Trump's sexual abuse of teens

The star witness in the whole Epstein affair arguably is Virginia Giuffre (formerly Roberts). Although she has denied personally seeing Trump abuse underaged girls, she admitted that he knew about the abuse at the hands of Epstein and Maxwell but did nothing. Interestingly, she seems to support the testimony of Maria Farmer, a lesser known Epstein witness, about whom this author wrote in Part VI, where Trump and his then wife Ivana were facilitating and participating in the child sex abuse. On January 14, 2021, this author tagged Giuffre with a specific quote from Farmer and a link to Part VI of this series.[1] She liked the Tweet. This author made a screen recording of it to prove the like, in case someone suspected photoshopping of the screen capture.[2] Farmer's testimony seems very credible. There doesn't seem to be a financial motive to name Trump, which wasn't part of her general claim against Epstein. Furthermore, naming someone as high profile as the U.S. President could possibly get one killed, and Farmer likely knew this but did so anyway. Credit to her bravery. With Ghislaine Maxwell now in jail (currently she is seeking a presidential pardon from her old friend Donald Trump)[3]., Epstein dead, and Ivana also dead, we may never know the truth about Ivana's involvement, but we see the patterns, which I think is enough.

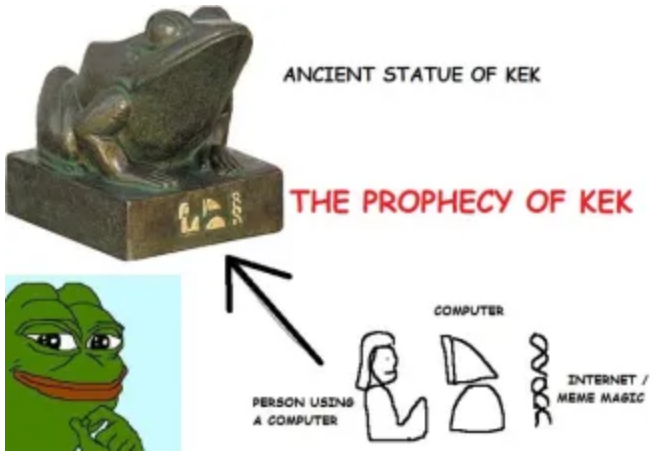
Ivana's Polish-Bronfman connection to Epstein

This author wrote about Ivana, Trump's KGB-tied Soviet ex wife, in parts I, IV, and especially in VI, before she died in 2022 (under mysterious circumstances, in this author's opinion)[4]. It's no surprise that Jeffrey Epstein had 14 phone numbers to the Trumps in his contact book, some of which included numbers to Ivana and even to Trump's current wife Melania, whom Epstein claims was introduced to Trump by him.[5] From Ivana's Palm Beach home, where she allegedly went down the street to help Ghislaine Maxwell recruit high school girls for Epstein's revolving-door teenage harem, she employed the wife and daughter of Epstein's Polish national butler Janusz Banasiak.[6] The butler previously worked for a Manhattan family and ran a conference centre for the Bronfman family's Seagrams distilleries. The Russian-Jewish Bronfman

family are considered the Rothschilds of North America and became rich bootlegging during prohibition. However, the Bronfman's power was not enough to keep American heiress and daughter of Edgar Bronfman Sr. Claire Web Bronfman from prison time for her involvement in the NXIVM sex cult, which carried out sex trafficking. Readers of this series will remember that Trump is connected to the Bronfman's through the gay, Jewish, mobbed up lawyer Roy Cohn and Russian-Jewish mob boss Meyer Lansky and his organized crime syndicate. So important was Cohn to Trump that he regularly called Cohn over a dozen times a day. Epstein, who himself was born through two sets of Russian—Jewish grandparents, is also tied to the Bronfmans through financier Les Wexner (also Trump connected), who helped Charles Bronfman set up the Study Group, also known as the Mega Group, the same year as the fake collapse of Communism in 1991.[7] Interestingly, Epstein's little black book had not only contacts for Ivana but also for one Edgar Bronfman.

Soviet-connected gay Jewish attorney for Donald Trump Roy Cohn sits with his unusual collection of frogs and toads while holding a photograph of himself with Trump..

Frog as a homosexual symbol, kek gay grifters



Kek is the deification of the concept of primordial darkness in the ancient Egyptian Ogdoad cosmogony of Hermopolis. Sounds very Duginist, no?

For an over-the-top womanizer and alleged rapist, Trump strangely surrounds himself with a lot of prominent homosexuals—going back to the late B'nai Brither Roy Cohn and trysexuals like the Murray Chotiner-groomed Roger Stone. When Trump won his first presidency, he came out to *We Are the Champions*, by late homosexual Freddy Mercury and his band Queen. Incidentally, the ancient Egyptian-based "kek" meme that Trump's MAGA and Qanon movements popularized has connections to the homosexual underworld.[8] As it happens, the gay Cohn had an unusual fixation with frogs. Could the various frog memes surrounding Trump's presidency be tied to, in some way, to the frog as a gay symbol? To go a bit further, could Trump's excessive womanizing personality be somewhat of a cover for something even more perverse than heterosexual rape?

> "Trump would go from 'room to room' where there were 'guys with younger girls, sex, a lot of sex, a lot of cocaine, top shelf liquor' but no smoking, which the businessman didn't approve of, the photographer told the Daily Beast.
>
> Trump was in and out. He'd wander off with a couple girls. I saw him. He was getting laid like crazy,'…'A lot of girls, 14, look 24,' he said. 'That's as juicy as I can get. I never asked how old they were; I just partook.'…
>
> 'It's based on power and dominating girls who can't push back and can be discarded.'"[9]

Sex based on power is said to be at the heart of various sexual perversions, including homosexuality. Love is completely absent from it. Trump's niece Mary Trump revealed in her 2020 memoir *Too Much and Never Enough: How My Family Created the World's Most Dangerous Man*, that Donald was abused by his father growing up.[10] There is a connection between both physical and sexual abuse of children and latent homosexuality manifesting in adult life. Mary, who is a psychologist, describes Donald Trump as a narcissist and sociopath and says "the only time Donald went to church is when the cameras were there. It's mind boggling. He has no principles. None!"

> "And in another chapter, Mary claims her uncle ogled her when she was 29 years old and in a swimsuit at Mar-a-Lago, with Donald allegedly saying: 'Holy s**t, Mary, you're stacked!"

Perhaps the Donald is a little like the criminal buddy of his he helped get pardoned from prison Roger Stone—a trysexual, with girls, boys, men, women, etc? Stone, alleged to have been involved in Republican boy-buggering rings, may well have been buggered by Cohn himself, Cohn associates, or other pederasts in Washington. That would certainly begin to explain why Stone seems so deranged and perverted. Another apparent gay grifter in Trump's sphere and one with whom Trump once dined at Mar-a-Lago is Nicholas Fuentes, a Kremlin asset credited with creating the "groyper" controlled-opposition stable. This author has compiled an extensive dossier on Fuentes showing his strong Soviet leanings and apparent latent homosexuality. It doesn't help Trumps heterosexual case when he fondles and kisses the fake boobs of a Rudy Giuliani in drag. Giuliani has his own ties to the Soviets.

Donald Trump with sexual predator Vincent McMahon, disgraced former CEO of World Wrestling Entertainment.

Trump, Linda, and Vince McMahon's World Pederast Federation

Disgraced former World Wrestling Entertainment CEO Vince McMahon is another example of what child sex abuse can lead to (former wrestlers Scott Hall and Kevin Nash claimed in a shoot interview that McMahon was sexually abused by men as a child and had other gay experiences[11]). McMahon is a friend of Donald Trump and has even put Trump in the ring as a kayfabed wrestling actor, which is more appropriate for Trump than him being president of the United States. Trump recently appointed McMahon's wife Linda to secretary of education, which is about as plausible as Sesame Street's Ernie becoming U.S. attorney general. For decades, McMahon and his company have been dogged by sexual abuse lawsuits and accusations. From rape to a casting couch-styled career ladder, to buggery and a pederast ring called the "Cream Team" (ring boys from the towns where WWF/WWE matches were held would stay around the arena to help put up and take down the rings and were then sexually abused by various staff, allegedly led by Pat Patterson, with McMahon's knowledge) [12], [13]McMahon's company would make the Marquis de Sade and Aleister Crowley proud. Former WWF world champion Ultimate Warrior (Jim Helwig) claimed in a shoot

interview he did of himself that McMahon's strategy "back then was to make sure the personal lives of [the] talent were in constant chaos" in order for him to maintain control over them.[14] Helwig's admission was referring to Hulk Hogan (Terry Bollea) as well, who happens to be a Trump supporter. It seems that McMahon, like Trump, is a power-hungry and perverted sociopath, so the pairing of the two is natural.

Trump accompanied by Chassidic Jews (mystical Judaism, born in the Soviet Union) before a portrait of the late "rebbe" Mendel Menachem Schneerson, who Jews believe will come back from the dead and liberate the world.

Vagina-hands Trump hails Chabad false messiah – is he Jewish?

Recently, Donald Trump declared Chabad Lubavitch's false messiah "rebbe" Menachem Mendel Schneerson the messiah by calling him "king", which many observers mistakenly believed was a reference to Trump himself. Chabad Russia cleared up the confusion and shows that it was a reference to Schneerson, likely left deliberately vague by Trump.[15] Chabadniks refer to rebbe Schneerson as King Moshiach (king messiah). Naturally, this in addition to his decades of loyalty to the world Jewish lobby, raise the question of whether Trump's loyalty to Jewry is rooted in his possible Jewish

ethnicity or if it's merely calculated opportunism. Donald's brother Freddy Jr. joined a Jewish fraternity while attending an Episcopalian boys' preparatory school on Long Island. Freddy also claimed that his father Fred Sr. was Jewish.[16] The New York Times denies that the Trumps are Jewish, but this author discovered a mezuzah (Jewish phylactery) on the doorpost of the Queens home where Donald Trump and his siblings grew up. Sure, the mezuzah could've been added later, after the family left it (it was recently auctioned off), but perhaps it wasn't. Perhaps it was passed on to other Jews, which isn't uncommon in Jewish real estate transactions. Incidentally, the long suspected crypto-Jew Vladimir Putin installed a mezuzah on the Moscow Marina Roscha synagogue, a ceremony that is exclusive to Jews.

A Jewish mezuzah can be seen on the doorpost of Trump's childhood home in New York.

> "Putin, once a KGB agent in the last years of communism, hammered-in the mezuzah on the shul's front door".[17]

If Freddy Jr. was telling the truth, then his father's financial support of Chabad Lubavitch in New York makes a lot more sense. Brighton Beach, also known as Little Odessa, is not only a Chabad hotspot once visited by "king" Schneerson[18] but was also the landing spot of Soviet Jewish emigres, many of whom were informants for the KGB. Author Craig Unger, who is no anti-Semite by any stretch of the imagination, wrote in his book *House of Trump, House of Putin* about the Brighton Beach Bolsheviks,

> "According to Oleg Kalugin, the former head of counterintelligence for the KGB, at least two hundred Jews from Leningrad (now St. Petersburg) alone went to the U.S., and many of them promised to report back to the KGB once they were settled."[19]

Incidentally, Kalugin has also claimed that Vladimir Putin is a pedophile—corroborating Soviet defector Alexander Litvinenko's claim shortly before he died. Litvinenko caught news footage of Putin kissing the stomach of a strange five-year-old boy in the town square and pointed out that the KGB has tapes of Putin buggering young boys as a form of kompromat blackmail. So Trump is by no means the only one. In fact, Senator John Tower, who was photographed on the same yacht with Trump and KGB operative Robert Maxwell (see lead photo from part V), who is believed to be the ring leader of Epstein's kompromat operation, was sexually compromised by the Soviets himself, perhaps via Maxwell and/or Epstein, too.

Trump co-conspirator Felix Sater, son of Russian-Jewish mob boss Mikhail Sater (Sheferovsky) and a mobster himself, grew up near Brighton Beach and once worked for Epstein's former employer Bear Stearns. Chabad's "man of the year", Sater was one of many Brighton Beach Bolsheviks to utilize Trump-owned real estate. Another Russia-Jewish mobster, David Bogatin, used money defrauded from the U.S. government to purchase luxury condos in Trump Tower in 1984.[20] The Bogatin family are members of Crown Heights Chabad Lubavitch.[21]

A view of the 'Trump Village' in the Brooklyn borough of Brighton Beach,New York, USA, 16 January 2016. The residential complex was originally built by real estate investor Fred Trump, father of republican presidential candidate Donald Trump. (Photo by Christina Horsten/picture alliance via Getty Images)

This author spoke about Fred Trump in part IV and how he rose to prominence in Brooklyn with the help of powerful Jews and died at a Jewish medical centre, but what this author didn't know then was just how prominent Trump was in Brighton Beach. Fred built a *Trump Village* apartment complex in Brighton Beach that, no doubt, housed many of the Brighton Beach Bolsheviks fresh off the boat from the Soviet Union. The co-operative complex still stands today. Jeffrey Epstein's grandparents came to New York when they left the Soviet Union. There is a high probability that they first settled in Brighton Beach.

> "Even though Brighton Beach was Fred Trump's territory, Donald began developing his own contacts among the new Russian emigres, including a man named Semyon Kislin. When it came to equipping his new renovated Grand Hyatt Hotel, née the Commodore, with TV sets in the late seventies, Trump reached out to Kislin to buy a

> few hundred on credit. 'I gave him [Trump] 30 days, and in exactly 30 days he paid me back,' said Kislin."[22]

The FBI lists Kislin as a "member or associate" of the ruthless Soviet organized crime boss Vyacheslav Ivankov (now dead).

Midway through his first presidency, it was rumoured that President Trump converted to Judaism, much like his daughter Ivanka did and who visits the grave of Schneerson (Trump has also paid homage at Schneerson's grave and even declared it an official heritage site); although, if Trump is ethnically Jewish, then it's not really a conversion. In 2007, a leading Israeli newspaper declared Trump a "Jewish billionaire". Other Israeli press have also teased that Trump is Jewish.[23] [24] While Chabadnik Ivanka likes to wear her Kabbalah red string on her wrist, Trump does not appear to do the same; although, he does have a Kabbalist tree of life award prominently displayed in his Manhattan office. Trump also displays a peculiar habit during photo ops of unnaturally holding his hands in an inverted triangle formation, sometimes for long periods of time. This author recently watched his press conference with Benjamin Netanyahu at the White House where Trump held his triangle hands for nearly the entire press conference. It is believed to be a form of symbolism derived from the Kabbalah (Zohar) and its sister cult Hinduism. Late occult researcher Texe Marrs explains,

> "...Mystery Religions greatly honoured this emblem as their tantric (sexual) female Triangle of Life. It was known as the Kali Yantra, a sign of the female vulva. In Egypt, the triangle was a hieroglyphics sign for 'woman'. In ancient Greece, the sexual intent is clear in that the triangle represented the Holy Door, genitalia of the All-Mother Demeter, known as 'Mother Delta'.... To occultists, the triangle pointing upward represents *fire* and that pointing downward *water*. To combine, balance, and unite the two brings dualism, or *equilibrium*, which is a goal of Freemasonry and a cardinal tenet of all Illuminist religious systems."[25]

U.S. President Krasnov displaying his vagina hands with Soviet Jew Benjamin Netanyahu at the WhiteHouse during a press conference.

Clearly, a man like Trump who is known to “grab them by the pussy” would have no problem making himself into a pussy, firstly to honour his kabbalistic gods but also to signal to other elitists that, “hey, it may look like I am going against you guys, but I’m really not, so just go along with my populist act”. Trump has many Freemasonic associations and may be one himself. Freemasonry is an outgrowth of the Kabbalah.

> “On 18 August 2016 five statues of then presidential nominee Donald Trump, commissioned by the activist collective Indecline, were placed in San Francisco, New York, Los Angeles, Cleveland and Seattle. The nude figure is wearing a masonic square and compasses emblem ring, although Las Vegas-based sculptor, Ginger (Joshua Monroe), has stated in an interview with Greg Stewart that he knew

> Trump was not a Freemason but used the ring to symbolize his secret dealings. While claiming to respect Freemasons and their good work, the use of this iconic symbol further mythologizes and marginalizes the organization that it is known to represent."[26]

Masonic or not, there is little doubt that Trump is a Kabbalah practitioner, like Ivanka, his ex wife Marla Maples, Tucker Carlson, and Vladimir Putin.[27]
